Letter No. 4337, dated 5th August 1902, from the First Assistant to the Resident in Mysore.

I am directed to invite attention to the Notification of the Government of India in the Home Department No. 1324, dated the 2nd May 1902, issuing rules for admission to the Civil Division of the Order of Merit.

2. Under the rules in question, the decoration may be conferred on "Natives of India, whether servants of Government or not, as a reward for personal bravery shown in aid or support of the public authority or safety;" and subjects of Native States who may perform services of this nature, are clearly eligible for admission to the Order.

3. Although it is probable that the decoration will ordinarily be conferred for services in aid or support of the British Government or of the officers of that Government, the Governor General in Council would not propose definitely to limit the grant of the distinction to such cases. The "public safety" is a wide phrase, and the Government of India will be prepared to regard as deserving of the reward, acts of gallantry performed in Native States by subjects of those States, even though the British Government or British officers are not directly concerned.

No. 1324.

Government of India, Home Department.

Public.

Simla, the 2nd May 1902.

NOTIFICATION.

In order to provide for the suitable recognition and reward of conspicuous acts of gallantry performed by Natives of India, whether servants of Government or not, in aid or support of the public authority or safety, the Governor General in Council, with the assent of His Majesty's Secretary of State for India in Council, has resolved to institute a Second or Civil Division of the Order of Merit. The rules for admission to this Division, which have received the approval of the Secretary of State, are hereby published for general information. The new decoration will be conferred only for acts of gallantry performed after the institution of the Order.

Rules for admission to the Civil Division of the Order of Merit.

1. The "Order of Merit" (Civil Division) consists of three classes and is conferred on Natives of India, whether servants of Government or not, as a reward for personal bravery shown in aid or support of the public authority or safety. The insignia are, for the first class, gold; for the second, silver with a gold wreath; and for the third, silver only; to be worn on the left breast, pendant from a dark-red ribbon with blue edges.

2. Admission to the third class is obtained by any conspicuous act of individual gallantry, admission to the second class can be obtained only by members of the third class, and for a similar act of gallantry; and in like manner, the order of the first class is conferred only on members of the second class. In recommending persons for admission to the Order, the act of gallantry must be particularly specified, and the statements of eye-witnesses to the deed must be attached. It is of the highest importance, in view to maintaining the value and prestige of the Order, that the greatest discretion shall be used in submitting recommendations; as it is very desirable that the distinction should only be granted for conduct which can clearly be defined as an act of conspicuous gallantry.

3. Admission to each class of the Order rests with the Government of India alone; and, when the act of gallantry has taken place in India, recommendations for the reward will be forwarded through the District Officers to the Local Government, for submission to the Government of India.

4. A record in each case of the particular act of gallantry for which the Order has been conferred is kept in the office of the Secretary to the Government in the Home Department; and a certificate signed by him, declaring the grant of the Order, will be given to each individual on his admission to, or advancement in it.

5. District Officers are required to report immediately to the Local Government, for communication to the Government of India in the Home Department, any casualty by death amongst individuals admitted to the Order which may occur previous to the receipt of the decoration.

6. The following are the rules for the disposal of the insignia of the Civil Division of the "Order of Merit" on the decease or promotion of members:—

In cases of advancement to a superior class of the Civil Division of the "Order of Merit," the inferior badge is to be forwarded, through the prescribed channel, to the Secretary to the Government of India in the Home Department, Calcutta. The insignia of the Order are, however, allowed to remain in the possession of the family of a deceased member.

7. Whenever a servant of the Government, being a member of the Order, is dismissed the service and whenever any member of the Order is convicted of any such offence or subjected by a Criminal Court to any such order, as implies, in the opinion of the Local Government, a defect of character which unfits him to be a member of the Order, a full report of the circumstances shall be transmitted to the Government of India in the Home Department, together with an expression of the Local Government's opinion; and it shall, thereupon, be open to the Government of India to direct the dismissal of any such member from the Order and to require the surrender of his decoration.

8. As a rule the conferment of the Order of Merit in the Civil Division will not be accompanied by any grant of money; but the Government of India reserve the right of making such a grant, in addition to conferring the Order, in special cases.

Letter No. 1056, dated 17th June 1902, from the Deputy Commissioner, Tumkur District, requesting that the Comptroller, Mysore Government, be authorized to audit the travelling allowance bills of Suryanaranappa, Deputy Munshi, General Assistant Commissioner's Office, and Acting Police Head Munshi, for January, February, March and April 1902, as they have been returned for want of countersignature by the Inspector General of Police under Article 612 of the Service Regulations.

No. 3919-58—P. & A. 316, DATED BANGALORE, 13TH SEPTEMBER 1902.

ORDER THEREON.—The Comptroller declined to audit the bills as they were not countersigned by the Inspector General of Police, and the latter declined to countersign them as the official was not doing work in the Police Department. The Deputy Commissioner explains that as the official had been temporarily appointed to act as Police Head Munshi, he was not disturbed from his legitimate work as Deputy Munshi of the General Assistant Commissioner's Office.

2. Government observe that, as the official was actually doing work in the Revenue Department, the Comptroller may accept the countersignature of the Deputy Commissioner and pass the bills under reference.

3. The Deputy Commissioner is informed that, under the circumstances, the transfer should not have been made as a transfer is only just and proper when the official actually takes up the charge of duties and the transfer is real.

2. Letter No. 653, dated 2nd May 1902, from the same officer submitting the travelling allowance bill of his establishment for March 1902, and requesting (1) that sanction may be accorded to the amount of Rs. 6-5-6, being the mileage due to one Ranga, lascar, disallowed by the Comptroller on the ground that the lascar did not accompany the Agricultural Chemist, and (2) that a definite ruling be passed on the subject.

3. Letter No. 117—6, dated 2nd July 1902, from the Comptroller to the Government of Mysore, stating that as the lascar travelled under the orders of the Agricultural Chemist as a member of his own establishment, the milage claimed may be admitted in accordance with the practice obtained in other Departments, and that the disallowance was made in the first instance, as the above fact was not ascertainable from the particulars given in the bill.

No. 4355-94—P. & A. 345, DATED BANGALORE, 20TH SEPTEMBER 1902.

ORDER THEREON.—**The Government are pleased to direct that the travelling allowances of non-gazetted officers and menials, when sent out under the orders of the Provincial officers as members of their own establishments, be the same as when accompanying them on tour.**

Letter No. 9 of the 15th August 1887, from the Khazana Bakshi, reporting the death on the 17th May 1887, of Ganganna, one of the stipendiaries of the Manjarabad Pallegar family, who was in receipt of a pension of Rs. 84-11-11 per mensem, and submitting proposals for the disposal of the pension.

Letter No. 14 of the 11th October 1887 from the Khazana Bakshi, forwarding certain papers in connection with the above mentioned pension.

CAMP NO. 1678, DATED MYSORE, 29TH OCTOBER 1887.

ORDER THEREON.—

* * * * * * *

6. On the general question of the validity of an adoption for the purpose of succession to a Pallegar pension, His Highness' Government are of opinion that no Native State should refuse its recognition to any adoption properly made from among the next of kin. In 1822, His Highness the late Maharaja sanctioned the adoption of a son by a Pallegar widow and continued the pension to such adopted son. During the British Administration of the Province, it was laid down (in August 1862 in connection with an adoption in the Anekal family) that the Government ought not to recognize any adoption as valid for the purpose of succession to a Pallegar pension. This ruling was based probably upon the orders of the Madras Government, dated 18th September 1851, quoted at page 150 of the Standing Orders of the Board of Revenue (Mr. Dalyell's Edition, 1866). These orders laid down as follows :—

"Pensions granted hereditarily are to cease when the hereditary line fails and are not to "pass to adopted children," and "the Government reserve to themselves, in all cases, the right "of refusing to recognize the claims of an adopted son to any allowance in land or money." The same orders however authorized Collectors to recognize an adoption when the party adopted was near of kin to the party making the adoption, as nephew or first cousin of an undivided family.

7. The cases to which these orders of the Madras Government were intended to apply were not exactly analogous to the Mysore Pallegar pensions which were granted under very peculiar circumstances, partly in lieu of Pallepat lands and partly on political grounds. In British Territory, the Government confirmed to the Pallegars, in most cases, their Pallepat lands subject to the payment of a Peshkash. In Mysore, this class of petty rulers lost their political power and importance during the Muhammadan Rule, and on the pacification of the country after the fall of Seringapatam, it was deemed inadvisable to restore to them their old Pallepat lands, and they were accordingly granted money pensions. With the fall in the value of money, the pensions were increased on two occasions during the British Administration, once in 1860 by 50 per cent, and again in 1865 by 25 per cent.

8. Under such circumstances, His Highness' Government are of opinion that it will be no more than bare justice to extend to Mysore Pallegar pensions, the same rule of succession as applies to Pallepat lands. In the case of the latter, the succession admittedly vests in a son duly adopted, and to apply the same rule to the Mysore Pallegar pensions would be in strict accordance not only with the fundamental principles of Hindu Law and the precedents of the State when under Native Rule, but also with the popular general feeling in the matter.

9. The rule of Hindu Law, which requires the previous sanction of the Sovereign to an adoption by a widow in such cases, and which prescribes that the boy adopted shall be the nearest of kin to the adoptive father, is of special importance as regards Pallegar pensions, and must therefore be most scrupulously followed in order to ensure the recognition of any adoption as valid for the purpose of succession to a Pallegar pension. The strict enforcement of this rule would be the means of keeping the pension in the same family, a result which is highly desirable on grounds other than those of mere conformity to Hindu Law.

EDUCATION.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 99-26—330, dated 11th May 1902, from the Inspector General of Education in Mysore, submitting a list of Schools for which increases of grants have to be sanctioned during the year 1902-03 at a cost of Rs. 203 a month or Rs. 2,436 a year, and requesting that this amount be sanctioned and included in the budget.

No. 3032-3—Ed. F. 26-96, dated Bangalore, 1st September 1902.

ORDER THEREON.—The marginally noted three schools have not been recommended by the Inspector General for any increase of grant and no orders are called for regarding them.

1. Wesleyan Mission Boys' School at Kudaba.
2. Wesleyan Mission Boys' School at Hebbur.
3. Methodist Episcopal Mission Orphanage Kannada Girls' School, Kolar.

2. The increases of grant proposed for the schools mentioned in Statement A appended, are sanctioned in full, subject to the condition, if any, mentioned against each.

3. The increases of Rs. 30 and Rs. 15 per mensem proposed respectively for the Wesleyan Mission Girls' Boarding School, Bangalore, and the Church of England Zenana Mission Mahomedan Girls' School, Mysore, are too large, and Government are pleased to sanction increases of Rs. 15 and Rs. 10 respectively for the schools in question.

4. The cases of the remaining eight schools mentioned in the Statement B appended cannot be dealt with at present, as the information furnished regarding them does not satisfy Government as to the necessity for the increases proposed, as will be seen from the observations made against each. A lump sum reserve grant of Rs. 500 will, however, be provided in the budget, with the view of meeting any urgent necessary demands in respect of any aided institutions in the State.

5. The total amount sanctioned for the current official year is therefore Rs. 1,241, which amount will be included in the budget.

6. The recommendations of the Inspector General for the current official year were received late, and yet in no case was full information furnished. In future every such case must form the subject of a separate recommendation, supported by full particulars and reasons. All sanctions in such cases should be sought and obtained fully three months before the submission of the budget. Cases which could not be thus dealt with must lie over till the following year. The present practice of clubbing together all such applications and sending them up to Government at the eleventh hour without adequate details leads to considerable inconvenience and should be discontinued.

Letter No. 10504-353, dated 29th May 1902, from the Inspector General of Education in Mysore, submitting for the sanction of Government a list of building works in connection with Taluk Schools, for which funds will be required during the year 1902-03.

No. 3036-7—ED. F. 19-96, DATED BANGALORE, 1ST SEPTEMBER 1902.

ORDER THEREON.—A sum of Rs. 10,000 was entered by the Inspector General as usual, in the State Fund budget estimates of the Education Department for the year 1902-03 on account of Taluk School buildings, it being the normal annual allotment for the purpose. At the same time the Inspector General considered that the said normal provision of Rs. 10,000 was quite inadequate to meet the annual demand for such works, and recommended that the annual grant may be raised to Rs. 20,000 or Rs. 25,000 in the first instance, subject to alteration by Government at a later stage, *i. e.*, when the budget was finally passed. Rough estimates for the amount required on account of different kinds of works during the year 1902-03 have, however, been subsequently furnished by the Inspector General as detailed in the margin, and it is recommended that the total amount Rs. 47,824, required therefor may be sanctioned and included in the budget.

Rs	
35,587	for new works (Statement received from the Inspector General).
7,237	for incomplete works (do)
4,000	for minor works and repairs.
Total 47,824	

2. Government regret their inability either to raise the normal provision in the manner suggested by the Inspector General or to sanction a grant of nearly half a lakh for expenditure on buildings in a single year. They at the same time recognise that the normal provision will not be sufficient for a few years to come, as it is reported by the Inspector General that most of the Taluk Schools are in need of better accommodation. In these circumstances, Government are pleased to sanction a sum of Rs. 20,000 (inclusive of the normal grant of Rs. 10,000) for the year 1902-03 for Taluk School buildings, which will be included in the budget for that year.

3. A list of new works for which appropriations will be made during the current year out of the above allotment should be submitted by the Inspector General for the information and orders of Government. Details should also be furnished for the amounts that will be set apart for incomplete works and for minor works and repairs.

No. 3038-9—ED. F. 26-96, DATED BANGALORE, 1ST SEPTEMBER 1902.

ORDER THEREON.—The Inspector General states that the requirements of the current official year on account of building and other lump-sum grants to private Educational institutions in the State are Rs. 12,565 or Rs. 7,565, over and above the normal allotment under this head, and requests that that sum may be sanctioned and provided in the budget.

2. The normal provision of Rs. 5,000, entered by the Inspector General under this head in the State Fund budget etimates for the current official year, will be retained in the budget, and out of this provision a sum of Rs. 3,925 may be appropriated for meeting the grants sanctioned for the schools mentioned in the statement appended.

1. Letter No. 9888—328, dated 11th May 1902.
2. Letter No. 10637—337, dated 17th May 1902.

No. 3034-5—ED. F. 26-96, DATED BANGALORE, 1ST SEPTEMBER 1902.

ORDER THEREON.—With the letters read above, the Inspector General forwards two lists of schools for which grants-in-aid have to be newly sanctioned during the current official year. The total amount required for the purpose is Rs. 107 a month or Rs. 1,284 a year. The Inspector General requests that the grants recommended for each of the schools in question be sanctioned, and the total amount be provided in the budget.

2. The lists received from the Inspector General do not contain the necessary particulars in all cases, and Government are therefore unable to decide whether the grants recommended are really needed in each case. Only some of the schools referred to by the Inspector General have therefore been dealt with in the Budget Estimates of the current official year, and these schools are mentioned in the statement A appended. The additional cost involved in respect of such schools amounts to Rs. 552 a year (*vide* statement A for details) which is sanctioned and will be included in the budget. The sanctions will be given effect to from such date as the Inspector General may deem fit, excepting in the cases in which further information is called for in the last column of the statement.

3. The cases of the other schools mentioned in the Inspector General's lists will be separately dealt with on receipt of a further report from him with fuller details. These schools are mentioned in statement B appended, and the several points on which information should be included in the Inspector General's report are noted in the last column thereof.

4. In future Government can entertain no proposal for new grants or additions to existing grants unless each such proposal is accompanied by full particulars with a short and lucid statement of grounds.

No. 3143-4—Ed. F. 2-96, dated Bangalore, 2nd September 1902.

Order.—The following remarks and details for the amounts provided in the Provincial Budget for the year 1902-03 under "Education" under the sanction of Government Order No. Fl. 93-133—R. F. 2-02, dated 14th July 1902, will be communicated to the Inspector General of Education for his information and guidance.

2. *Receipts.*—The total estimated receipts are Rs. 98,367 or Rs. 2,500 more than what they were for the last year. The increase is expected in the fee-income of Colleges, High Schools and Anglo-Vernacular Schools and the estimate will accordingly stand.

3. *Expenditure.*—(*a*) The amount of Rs. 7,30,391 estimated by the Inspector General, includes Rs. 4,350 on account of exchange on Europe Family remittances. A sum of Rs. 3,300 being all that is provided by the Comptroller on account of this item, the Inspector General's estimates will be reduced to Rs. 7,29,341.

(*b*) To this amount the following will be added :—

(i) Rs. 15,181 being the aggregate of the grants sanctioned on account of the several proposals of the Inspector General separately received and dealt with in connection with the budget. (*Vide* Statement A appended for details.)

(ii) Rs. 2,400 on account of allowances to Dr. M. Srinivasa Rao and Mr. V. S. Sambasiva Iyer for lecturing in the Central College, the charges being properly debitable to 'Education.' Thus the total amount sanctioned under Expenditure is Rs. 7,46,922 which exceeds the estimate of the past year by Rs. 17,037.

In round figures the estimated receipts and expenditure stand as follows :—

	Rs.
Receipts	99,000
Expenditure	7,47,000

1. *Letter No. 9669—314, dated 7th May 1902, from the Inspector General of Education in Mysore.*

I have the honour to submit a list of schools for which house rent and contingent allowance are required and to request that Government may be pleased to sanction the amounts specified against each school. The house rent and contingent allowances for Anglo-Vernacular Schools amount to Rs. 132 and Rs. 18 respectively and those for the Vernacular Schools to Rs. 420 and Rs. 87 respectively for a year, making up Rs. 657 in all. In the State Fund Budget Estimates of this Department for 1902-03, now before Government, a sum of Rs. 3,428 is entered as the sanctioned provision for "Prizes and Special Grants" under head IX General. Of this amount only Rs. 2,754 is utilized at present. I beg to propose that the charge of Rs. 657 for which sanction is now applied for may be sanctioned, from the savings of Rs. 674, the whole of which latter amount may be transferred to head IV Taluk Schools in the budget.

2. *Letter No. 10038—336, dated 17th May 1902, from the Inspector General of Education in Mysore.*

In continuation of my letter No. 9669—314, dated the 7th instant, forwarding for sanction a statement of contingent allowances and house rent for certain Taluk Schools, I have the honor to request that the contingent allowance of the Anglo-Vernacular School at Huliyar may be increased from Re. 1 to Rs. 2.

No. 3141-2—Ed. F. 21-96, DATED BANGALORE, 2ND SEPTEMBER 1902.

ORDER THEREON.—The amount of house rent and contingent allowance noted against each of the schools mentioned in the statement appended is sanctioned, and the Inspector General's proposal to meet the charges involved, *viz.*, Rs. 669, from the savings of Rs. 674 available in the State Fund Budget under the head IX General, is approved. The amount of Rs. 674 will accordingly be transferred to the head IV Taluk Schools.

READ—

(1) Letter No. 10780—362, dated 10th June 1902, from the Inspector General of Education in Mysore, submitting the Village School Fund Budget Estimates for the year 1902-03, with an explanatory Memorandum.

Inspector General's Memo on the Village School Fund Budget Estimates for the official year 1902-03.

RECEIPTS.

1. The Examination fees, the contribution from State Funds and private contributions towards the expenditure on Aided Anglo-Vernacular and Sanskrit Schools for 1902-03 are together estimated at Rs. 1,180 more than the expected receipts from these sources during the current year, and the total estimated receipts of the Village School Fund for 1902-03 are accordingly raised from Rs. 2,36,706 to Rs. 2,37,886, the other items of income, including the allotment from the local cess, being taken to be the same as for the current year.

EXPENDITURE.

2. By Government Order No. 2066-7—Ed. F. 3-96, dated the 2nd August 1901, the Village School Fund Budget Estimates for 1901-02 were passed for Rs. 2,70,068. An additional grant of Rs. 27,500 was sanctioned for expenditure on school buildings by Government Order No. 11625-34—Ed. F. 20-96, dated the 11th January 1902, and a sum of Rs. 405-6-0 was sanctioned in excess of the original provision for expenditure in connection with the Local Examinations. The total amount sanctioned for expenditure during the current year is thus Rs. 2,97,973. The preliminary estimates for the next official year amount to Rs. 2,71,488, being Rs. 26,485 less than the final provision sanctioned for the current year.

There is a net decrease of Rs. 1,116 under I. Instruction, due to the transfer from the Village School to the State Fund of the charges of certain schools, of which the pay of the teachers and menial servants amounted to Rs. 1,944, to the establishment of six Lambani schools at an annual cost of Rs. 816 sanctioned by Government Order No. 6827-8—Ed. 154, dated the 28th October 1901, and to the increase of the pay of the sweeper of the Kannada School at Marikanave from Rs. 4 to Rs. 5 sanctioned by Government Order No. 11865-6—Ed. 237 of 20th January 1902.

II. Grants-in-aid.—The provision for grants-in-aid of Anglo-Vernacular Schools has increased by Rs. 912, due to fresh grants being sanctioned for the Anglo-Vernacular Schools at Periyapatna, Kyatasandra and Arakere by Government Order No. 4103-4—Ed. 98, dated the 4th September 1901, Government Order No. 12580-81—Ed. 257, dated the 30th January 1902, and Government Order No. 18425-6—Ed. 401, dated the 21st May 1902, and to increases of grants sanctioned for the Anglo-Vernacular Schools at Amritur and Sravanabelagola sanctioned by Government Order No. 14314-15—Ed. 295, dated the 28th February 1902, and Government Order No. 18702-3—Ed. 410, dated the 31st May 1902. The pay of Rs. 40 a month of the Magic Lantern Exhibitor has been provided for twelve months instead of for eight months under sanction of Government Order No. 9996-7—Ed. 214, dated the 23rd December 1901, and a sum of Rs. 1,500 is provided as a contribution to the Poor Scholars' Fund at Sravanabelagola in place of a grant-in-aid of the school building at Sravanabelagola made over to Government by Sowcar Padma Setti in accordance with Government Order No. 14285-90—Mis. 2120, dated the 10th March 1902. These items have caused an increase of Rs. 2,572 under this head.

III. Special Instruction.—The increments earned by the Head and Assistant Masters and Pandits and Munshis in the Normal School, Mysore, and the District Normal Schools and the savings caused by the arrangements made in filling up the place of one of the Assistant Masters of the former school temporarily transferred to the Maharaja's College, have led to a net decrease of Rs. 36 in the expenditure under this head.

IV. General.—The provision for buildings has been reduced from Rs. 32,500 to the normal provision of Rs. 5,000. There is therefore a decrease of Rs. 27,500 under the head.

V. Local Examinations.—The excess provision of Rs. 405 sanctioned for charges connected with the last Local Examinations is struck out and the normal provision of Rs. 7,940 entered for 1902-03.

(2) Docket No. 179—11, dated 8th July 1902, from the same Officer.

No. 4142-3—ED. F. 3-96, DATED BANGALORE, 18TH SEPTEMBER 1902.

ORDER THEREON.—The following are the Inspector General's estimates of the Village School Fund for the year 1902-03:—

	Sanctioned estimates for 1901-02.	Proposed estimates for 1902-03.	Difference.	
			Increase.	Decrease.
	Rs.	Rs.	Rs.	Rs.
Receipts	2,36,706	2,37,926	1,220	.....
Expenditure	2,97,973 *	2,71,488	.....	26,485

* This is inclusive of the following supplemental grants sanctioned during the last year :—
Rs. 27,500—The special provision sanctioned for buildings.
Rs. 405—The excess expenditure sanctioned in connection with the Local Examinations.

2. *Receipts.*—The receipts for the current year are estimated at Rs. 2,37,926 or Rs. 1,220 more than those of the last year. The estimates are accepted.

3. *Expenditure.*—The amount estimated by the Inspector General under "Expenditure" is Rs. 2,74,488. This provides for the ordinary and other sanctioned charges and will accordingly be retained.

To the above, a sum of Rs. 10,180 has been added to provide for the following charges sanctioned on account of certain proposals of the Inspector General separately received and dealt with in connection with the budget:—

(i) Rs. 8,000—Special provision for the current year for Village Schools buildings.

(ii) 2,000—Provision for additional hands for certain Village Schools.

(iii) Rs. 120—On account of increase of pay to the Manager of the Local Examinations Office.

(iv) Rs. 60—Pay of the peon sanctioned for the school at Ramanathpur in Government Order No. 19166-7—Ed. 422, dated 12th June 1902.

Thus the total amount of expenditure sanctioned for the year 1902-03 is Rs. 2,81,668 as against an income of Rs. 2,37,926. The expenditure exceeds the receipts by Rs. 43,742.

4. The financial position of the Fund is thus far from satisfactory. To meet the full expenditure of the present year, the funded part of the balance at the credit of this fund will have to be drawn upon. The actual cash balance at the credit of the fund on the 31st July 1902 should be reported by the Comptroller at a very early date for the information of Government. The Inspector General is requested to exercise all possible economy with the view of bringing the expenditure within the receipts and the actual cash balance, so that the sum of two lakhs required to be kept invested in reserve may not be reduced.

5. With the foregoing remarks the Village School Fund Budget Estimates for 1902-03 are sanctioned. The detailed statements are appended, and an abstract thereof is given below:—

JUDICIAL

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 1298, dated 17th June 1902, from the Inspector General of Registration in Mysore.

I have the honor to state that there is at present a diversity of practice in the registration of documents in cases wherein the executants fail to appear before the Registering Officers within the prescribed period of four months from the date of execution, and the amount of penalty leviable, in consequence, for late appearance of executants under Section 34 of the Registration Act, is not paid either by the presenters or the executants, when the latter appear before the Registering Officers for the purpose of admitting the execution of the document. The claimants being more interested in effecting the registration of their document, will naturally be expected to pay the amount of penalty due on account of late appearance of executants, provided they were aware of the fact that the executants were going to appear before the Registering Officer on a particular date. But in many cases, it so happens that the executants, to whom summonses are issued at the instance of claimants to appear before the Registering Officer on an appointed day, turn up at an earlier or later date and the Registering Officer has to proceed immediately with the process of registration, though the claimants are not present to pay the penalty leviable under Section 34, and thus secure the registration of their document. In such circumstances some Registering Officers call upon the executants to pay down the amount of penalty as a condition precedent to the recording of the admission of execution by them; but as it may not be quite to their interest that the document should be got registered, they refuse payment, with the result that Registering Officers refuse registration for non-payment of the penalty, notwithstanding that the claimants, who are the persons really interested in the registration of the document, are not aware of the fact at all. Other Registering Officers, however, have been in the habit of recording the admission of executants in such cases even though the amount of penalty is not tendered at all, and issuing notices to the claimants calling upon them to pay the required amount for securing the registration of their document, of course refusing registration only in the event of the claimants not paying the required penalty in compliance with the notices.

This latter procedure is condemned by the Madras Government in their Proceedings No. T. 1438, dated 4th May 1884, copy of which is herein enclosed for ready reference. It will be observed that the former view, though unimpeachable, results in great hardship to the claimants, who alone are greatly interested in the registration of a document; whereas, the latter throws upon the Registering Officers an amount of undesirable responsibility for the recovery of the due amounts which strictly according to law should be paid by the parties before any statement of admission by executants can be recorded.

In my opinion the question is best solved by Government authorizing Registering Officers to require that the penalty must be deposited by the claimant when he obtains process for appearance of executants, the sum of penalty being determined by the length of time granted for the appearance of the executants. Similar penalties must be recovered by Registering Officers when the executants do not appear in obedience to the summons, and the claimants have, in consequence, to apply for a fresh summons or warrant.

As this is an important question relating to the practice of the Department, I venture to request the Government for the favor of an authoritative ruling on the subject.

No. 3853—J. 330, DATED BANGALORE, 12TH SEPTEMBER 1902.

ORDER THEREON.—Government observe that it is always open to a Registering Officer, under Section 36 of the Registration Act, to require a person's presence at a time to be named in the summons issued to such person; and that, in the case under consideration, he is not bound to proceed with the process of registration if the executant puts in his presence on any other than the appointed date. There seems accordingly to be little occasion for the hardship apprehended, of a document having to be rejected for non-payment of the penalty without the knowledge of the presenter and without giving him the option of paying it, by reason of the executant's non-appearance at the proper time. All that the Registering Officer has to do in such cases is to insist on the executant appearing on the day for which he is summoned, or on some other day to be notified to the other party; and should the penalty not be paid by either of the parties on that date the admission of execution will not be recorded and registration will be refused. The course proposed by the Inspector General, of requiring a deposit of the penalty by the claimant before issue of process, is not, it is observed, authorized by the provisions of the Registration Act.

Letter No. 4364, dated the 6th August 1902, from the First Assistant to the Resident in Mysore, to the Dewan of Mysore.

I am directed to forward herewith copies of the marginally noted letters from the First Assistant Resident, Hyderabad, regarding the arrangements proposed for payment of expenses in connection with the conveyance and maintenance of accused persons in cases of surrenders to and from the Hyderabad State, and to request that should the Durbar agree to the proposal to observe reciprocity in the matter, the Resident may be favored with a copy of the orders which may be passed on the subject, for communication to the Honorable the Resident in Hyderabad.

No. 3412—J. dated 20th June 1902.
„ 4062—J. dated 28th July 1902.

ENCLOSURES.

Copy of letter No. 3412 J., dated the 20th June 1902, from the First Assistant Resident, Hyderabad, to the First Assistant Resident in Mysore.

(1) In connection with a claim recently preferred against His Highness the Nizam's Government by the Deputy Commissioner of Gujarat in the Punjab on account of the expenses incurred by the Police of that District for the railway fare and diet expenses of an accused person who was arrested at Gujarat and surrendered to the Hyderabad State, the Government of India felt itself disposed to agree that petty claims of this nature might be waived by the surrendering parties in India on the understanding that the Nizam's Government will observe reciprocity in the matter.

(2) The Nizam's Government was accordingly addressed on the subject and has now issued a resolution to the effect that in cases of extradition between the Government of His Highness the Nizam and the British Government, Magistrates in His Highness' territory shall not demand from Magistrates in British India any expenses in connection with the subsistence and transit of accused persons and cattle surrendered, provided the same practice is observed by Magistrates in British India in such cases.

(3) I am therefore to request that, if there is no objection, you will be so good as to issue the necessary instructions to all Officers under your administration who have to deal with cases of extradition to and from His Highness' Government and to favor this office with a copy of any orders that may be issued by you in the matter.

Copy of letter No. 4062 J., dated the 28th July 1902, from the First Assistant Resident, Hyderabad, to the First Assistant Resident in Mysore.

(1) I am directed to refer to paragraph 3 of this office circular letter No. 3412 J., dated the 20th June 1902, regarding the reciprocal arrangements to be made with regard to the adjustment of the charges on account of travelling and dieting expenses of accused persons in cases of surrenders to and from the Hyderabad State.

(2) I am to state that the intention of the proposal is to establish reciprocity between Hyderabad and other Native States as well as between Hyderabad and the territories under the several Local Governments and Administrations.

(3) I am therefore to request that you will be so good as to move the Mysore Durbar with a view to their giving effect to the proposal and to favor this office with an intimation of the result of the action taken by you in the matter.

2. *Letter No. 3960—J. 343, dated 13th September 1902, from the Secretary to the Government of Mysore, General and Revenue Departments, to the First Assistant to the Resident in Mysore.*

(1) I am directed to acknowledge the receipt of your letter No. 4364, dated the 6th August 1902, and its enclosures, regarding the arrangements proposed for adjustment of expenses in connection with the conveyance and maintenance of accused persons in cases of surrenders to and from the Hyderabad State, and in reply to state that the Durbar agree to the proposal made, *viz.*, that Magistrates in Mysore shall not demand from Magistrates in the Dominions of His Highness the Nizam any expenses in connection with the subsistence and transit of accused persons and cattle surrendered, on the understanding that the Nizam's Government will observe reciprocity in the matter. It is presumed that delivery of persons at the nearest Railway Station to the British Police for conveyance to Hyderabad would be sufficient compliance with the proposed arrangement.

No. 4066-75—J. 350, DATED BANGALORE, 17TH SEPTEMBER 1902.

ORDER THEREON.—Communicated to all District Magistrates in Mysore for information and guidance and for issue of needful instructions to subordinate Magistrates.

Order—Mis. No. 471, Judicial, dated 18th March 1902.

With reference to their applications dated 12th November 1900 and 31st December 1901, requesting that the return to Native States of fire-arms which are sent to British India for repair may be permitted without a fresh export license, the attention of Messrs. P. Orr & Sons, Madras, will be drawn to clause 3 of Rule 6-C. of the Arms Act Rules, which provides that, in the case of arms sent solely for purposes of repair, the Political Officer of a Native State may grant a license for import and export free of charge to the owner if he resides in the State and is included in the exemptions in paragraph 1 of the Arms Act Rules. A resident in a Native State importing a weapon into British India for purposes of repair can thus at the same time obtain a license permitting its return to him. Messrs. P. Orr & Sons will be informed that the Government of India are of opinion that no further relaxation of the rules, in this particular, is necessary.

Read—also the following papers :—

From Messrs. P. Orr & Sons, Madras, to the Chief Secretary to Government, dated Mount Road, 10th April 1902.

With reference to G. O. Mis. No. 471, Judicial, dated 18th March 1902, while admitting that on paper the clause quoted is sufficient for the purpose, we would point out it is in practice absolutely useless, as every European, whether residing in British or Native Territory, considers himself exempted from the operations of the Arms Act, as was expressly stated at its inception, and not one in a hundred is even aware that it is necessary for him to obtain a license to export an arm from a Native State.

We would therefore respectfully suggest that the present arrangement is open to improvement.

From the Hon'ble the Resident in Mysore, dated 18th June 1902, No. 3303.

ORDER No. 1159, JUDICIAL, DATED 28TH JULY 1902.

With reference to their letter read above, Messrs. P. Orr & Sons will be informed that the Government see no reason to make a further representation to the Government of India on the subject. In order to remove as far as possible the ignorance of the Arms Act Rules, which is stated to prevail in the Native States to which arms are usually exported from Madras, the Commissioner of Police will be requested, when issuing a license for the export of arms to Native States, to attach to the license a notice stating that in the case of arms sent solely for the purpose of repair by persons included in the exemptions in paragraph 1 of the Arms Act Rules, import and export licenses can be obtained free of fee from the Political Officer of the State, thus obviating the necessity for an application to the Commissioner.

2. The Resident in Travancore and Cochin will be requested to make the procedure in this respect well known in those States either by notification or circular or in such other manner as he deems fit, and to repeat the promulgation every six months.

3. The Resident in Mysore will also be addressed on the subject.

(2) Letter No. 1160, Judicial, dated 28th July 1902, from the Government of Madras, to the Resident in Mysore.

Messrs. P. Orr & Sons of Madras have brought to the notice of Government that the provisions of the rules framed by the Government of India under the Indian Arms Act, XI of 1878, requiring that a license should be taken out for the import of fire-arms from a Native State into British India, are not generally known to Europeans whether residing in British or Native Territory. I am directed to request that if you see no objection the procedure in this respect may be made known to Europeans residing in Mysore in such manner as you deem fit. I am to enclose for your information a copy of the Proceedings of Government, No. 1159 of this date, which contain the correspondence on the subject.

No. 4343-51—J. 372, DATED BANGALORE, 20TH SEPTEMBER 1902.

ORDER THEREON.—Communicated to District Magistrates with the request that wide publicity may be given to the procedure prescribed therein in regard to the import of fire-arms from Native States into British India.

LEGISLATIVE

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ THE FOLLOWING PAPERS—

(1) This office letter No. 19171—Legis. 128, dated the 12th June 1902, to the First Assistant to the Resident in Mysore:—

"1. In forwarding herewith a copy of a draft Regulation to amend the Mysore Excise Regulation, V of 1901, for favor of submission to the Government of India for approval, I am directed to explain the necessity for the measure as follows:—

The Hemp Drugs Commission of 1893-94 recommended in para 677 of their Report, that some attempt should (in certain tracts) be made to extirpate the spontaneous growth of ganja by rendering the occupants of land responsible that it shall not be found in their lands, adding that legislation seemed necessary for the purpose. In conformity with this recommendation, the following rule was framed under the Excise Act, 1881, as in force in Mysore, and published with the Mysore Government Notification No. 772—Ex. 43, dated the 27th July 1898.

"Landholders and owners of backyards shall prevent the spontaneous growth of ganja hemp in their lands. If, after the publication of this rule, ganja hemp be found in such lands, the owners or occupants thereof shall be liable to be prosecuted as if they deliberately raised the plants."

After the passing of the Mysore Excise Regulation, V of 1901, this rule, among others, was republished under the authority of section 29, clause (j) of that Regulation (*vide* Notification No. 11468—Ex. F. 3-1901, dated the 10th January 1902). In some recent cases, however, the Chief Court have held that the rule goes beyond the provisions of the Regulation, because, in their opinion, power to regulate the cultivation of the hemp plant does not include power to take steps for the prevention of spontaneous growth, and it could not have been contemplated that the owners of land on which ganja plants might be growing should be liable to prosecution irrespective of knowledge of the existence of the weed.

That the rule in question is a necessary one, in the interests both of the State revenue and of the Government licensees for the cultivation of the plant and for the vend of ganja, is proved not only by the recommendation of the Hemp Drugs Commission, already quoted, but also by actual experience in working; and no complaints as to its being harsh or unreasonable are believed to have been received.

Under these circumstances, it has seemed necessary to amend the Excise Regulation so as to enable Government to frame suitable rules under it, not only for the regulation of voluntary cultivation but also for checking the spontaneous growth of the plant, and for taking measures, whenever needful, for the extirpation of plants whether raised knowingly or growing involuntarily on private holdings or Government lands.

With this view, clause (j) of section 29 has been suitably altered, as well as clause (c) of the penal section 55; and words have been added to section 64, throwing upon the accused person (exactly as in respect of other offences under section 55) the burden of accounting satisfactorily for the existence of hemp plants on land in his possession or under his charge in contravention of the Regulation or of any rule or order thereunder. The proposed new legislation is, it will be observed, less stringent than the present rule, in that it gives the person concerned an opportunity not now possessed of exculpating himself by proving the absence of knowledge or guilty intention."

(1) This office letter No. 348—Legis. 1, dated 7th July 1902, to the First Assistant to the Resident in Mysore :—

1. "I am directed to forward a copy of a Draft Regulation to amend the Law of Evidence with respect to Bankers' Books, and to request the favour of the approval of the Government of India being obtained to its being passed into law.

2. The object of this Draft Regulation,—which has been prepared on the recommendation of the Chief Court of Mysore,—is to apply to this State the provisions of the Bankers' Books Evidence Act, XVIII of 1891, under which copies of entries in Bankers' Books are made receivable in evidence in British India under certain conditions. Copies of entries were tendered in certain cases by the Madras Bank, but the Chief Court for want of legislation found themselves unable to pronounce in favour of their admissibility; and the Bank would not produce the original for obvious reasons. Hence the need for this new legislative measure, which, while removing the inconvenience brought to notice, provides also for the assimilation of the Mysore Law to the British Indian Law in so far as local Companies and Banks are concerned,—a step which in the Durbar's opinion is highly desirable.

3. As regards Companies not carrying on business in Mysore, and in respect of which compulsory proceedings under Sections 5, 6 and 7 would not generally be feasible, it has nevertheless been considered desirable not to exclude them altogether from the benefit of the proposed law, but to make it discretionary with the Court or a Judge to admit in evidence certified copies of Bankers' Books kept by them, if, for reasons to be recorded in writing, the Court or Judge concerned thinks fit to do so. (Clause 2 of Section 4 of the Draft Regulation.) The measure, it will be observed, is complete in the case of local Companies and Banks, and partial in that of those outside Mysore; and this is all that is required."

Letter No. 4312, dated 25th July 1902, from the Chief Engineer of Mysore forwarding a statement showing the difference between the sums leviable on account of proportionate charges for "Tools and Plant" from District Fund Boards and the provisions actually made therefor in the current year's District Fund budgets, with a view to necessary rectification being made in the revised budgets, and requesting Government to issue orders for the fixed percentage of charges being provided for in future District Fund budgets.

No. 5065-74—L. F. 280-92, DATED BANGALORE, 29TH SEPTEMBER 1902.

ORDER THEREON.—From the statement received with the above, it appears that the provisions made in the budgets of Mysore and Kadur Local Fund Circles are less than the correct amounts payable by them by Rs. 163 and 19 respectively. These sums may be met from the provisions of Rs. 3,000 and 1,050 made in the respective budgets under "A. Public Works to be executed by Public Works Department, II Repairs, reserve grant."

2. The attention of the Presidents of the several Boards is drawn to Government Proceedings (Public Works) No. 482-508—2640-66, dated 29th May 1899, and they are requested to see that correct amounts at ½ per cent on the cost of works are provided in their future budgets on account of tools and plant as therein directed.

Proceedings of the Government of His Highness the Maharaja of Mysore,

1. Memorandum on Measures proposed to be adopted in the City of Mysore with a view to arrest Plague by Lieut.-Colonel P. H. Benson, M.B., I.M.S., Senior Surgeon and Sanitary Commissioner with the Government of Mysore, with the marginal notes of the 2nd Councillor and the Dewan thereon.

Having been asked by Government to take over the charge of plague measures in the Province, *vide* their Order No. 2497-505—Mis. 406, dated the 20th August 1902, I proceeded to Mysore in company with Mr. C. Sreenivasiengar, 2nd Councillor (who has the charge of Plague Portfolio). We arrived at 7-30 A.M. on the morning of the 27th August, and were met by the Deputy Commissioner, Vice-President of the Municipality, Civil Surgeon and Health Officer. We proceeded to the Isolation Hospital, and inspected the wards and contact sheds. There were 28 patients in Hospital, many of them being Brahmins; the number of contacts was only 23, which is very small considering the number of patients, clearly showing that all the contacts had not been removed. The wards of the Hospital were in every respect satisfactory. 1st Class Hospital Assistant Mr. J. Taylor and 3rd Class Hospital Assistant Mr. Mahboob Ali Hussain are in medical charge, the former having been there since the commencement of the epidemic in 1898, the latter was posted there as he had had considerable experience at Shimoga, and his services were specially brought to my notice. I have no suggestions to make regarding the Isolation Hospital at present. The staff is sufficient but it may very possibly require strengthening hereafter. The Hospital is capable of accommodating about 200 patients and is therefore likely to meet all future requirements. The number capable of being accommodated in the Contact Camp is about 150. At 12 noon I had the honor of an interview with His Highness the Maharaja when I represented my views regarding Plague, and he was pleased to order me to submit my proposals to Government for the consideration of the Council, which I now do.

Yes.
Intd. C. S.

The history of Plague in the Mysore City is briefly as follows:—

Plague first made its appearance in October 1898 having been imported from Bangalore City, and as this had been anticipated, some 29,000 persons were inoculated prior to the outbreak. Voluntary segregation as recommended by me was resorted to (instead of compulsory segregation as employed in Bangalore, and which proved such a miserable and costly failure) the result being that there was little or no panic, a moderate exodus, less expenditure of public money, whilst the number of attacks and deaths was considerably lower than in Bangalore City with a smaller population. Voluntary segregation being a departure from the recognised mode of dealing with Plague was keenly watched and criticised, and it really appeared as if it had something to do with the diminished number of attacks and deaths. This however was clearly disproved by the epidemic of the following year, and I am convinced in my own mind

that the reason why the first epidemic was so mild, was, that 29,000 people had been inoculated. The epidemic gradually subsided and by the end of February or early part of March it had quite disappeared, only however to re-appear in the following July. Inoculation having been discredited mainly owing to the statements published by Lieut.-Colonel Lawrie of Hyderabad, the people declined to come forward and the epidemic of 1899 proved itself to be far more serious than that of 1898. Voluntary segregation was again resorted to. The epidemic again ceased towards the end of the year, and the city was more or less free until the following rains, when it set in again in 1900, and in 1901, and now in 1902 it has again assumed proportions similar to those of previous years, and there is every reason to believe that it will recur annually, until such a time as external conditions become unfavorable to the survival of the Plague bacillus outside the body, and therefore to the spread of Plague.

In my letter to Government dated the 1st Ocober 1900, the measures recommended for the arrest of plague were divided into two classes *viz.* :—

1. Palliative or Temporary.
2. Preventive or Permanent.

and I see no reason now to alter the views I then entertained.

Of the temporary measures the best are :—

1. Inoculation.	1. Those suffering from Plague and their contacts who live in insanitary dwellings.
2. Evacuation.	2. Removal of those who though not affected live in insanitary dwellings in infected areas.
3. Chemical disinfection.	Only where it can be carried out efficiently.
4. The destruction of rats.	

Of the permanent measures :—

1. I am of opinion that the permanent removal of individuals and communities who dwell in ill-ventilated houses with marked insanitary surroundings, to suitable houses erected on good sites and built on approved sanitary principles as the first and foremost measure to be adopted.
2. The demolition of all insanitary dwellings and the opening up of congested areas.
3. Improved conservancy.

The measures I now propose to put in force in the City of Mysore are: —

1st. The encouragement of inoculation. The views I hold regarding the protective value of inoculation are so strong that I feel it my duty to do all I can to encourage it, and I would go so far as to recommend Government to make it compulsory in all Government Institutions, *i. e.*, Military, Jails, Asylums, Schools etc. That I am not the only person who holds strong views on this subject is clearly proved by the action of the Punjab Government, who are making the experiment of inoculating some millions of people, and for this purpose they are employing a very costly staff of European Medical Officers, and it is hardly to be supposed

I doubt the advisibility of this. Inoculation no doubt is desirable, but I would rather not make it compulsory in all public institutions.

Intd. C .S.

they would incur this expense, unless they were strongly convinced of the efficacy of inoculation as a preventive against Plague. Possibly Government may not see their way to go so far, but I firmly believe that it is the most powerful agent we possess for combating the disease.

There is considerable force in this.
Intd. C. S.

Inoculation to be really effective should be done before the outbreak occurs, as, when it once becomes epidemic there is always the danger that persons in the incubative stage of the disease may be inoculated, and should they die, the death is attributed to inoculation rather than to the disease itself, consequently the people lose confidence in it and it becomes discredited.

Quite so. I am quite willing to encourage it (inoculation) and do all that is necessary without going to the actual length of making it compulsory.
Intd. P. N.K.

2. *Evacuation.*—By this I do not mean the total evacuation of the town, for this is practically impossible but merely the removal of ;(a) those suffering from Plague (with their contacts) who occupy insanitary buildings and are too poor to provide extra food and medical comforts, so necessary for persons suffering from this disease ;(b) the removal also of those, who though not affected with Plague live in insanitary dwellings and in infected areas to suitable places set aside for that purpose outside the town.

Removal should be encouraged but not enforced as a compulsory measure.
Intd. C. S.
Quite so.
Intd. P. N. K.

In the City of Mysore we have at present about 200 houses available, *viz.* :—

100 houses in Veeranna's Lines.

54 houses in the Reserve Police Line.

25 houses in Chittenhalli Road Camp; these with the sheds in the Contact Camp, would accommodate a large number of people and should be made use of at once for the above purpose. As regards cases of Plague occurring in houses occupied by servants employed in the Palace, I would strongly recommend that the sick and contacts be sent to the Isolation Hospital. If this is done the chances of conveying infection to the Palace will be materially diminished.

Yes, there is plenty of suitable accommodation readily available and more could easily be provided if necessary.
Intd. C S.
I would also strongly recommend this, as also the location of other Palace menials in a healthy block of buildings outside the City.
Intd. C. S.

Chemical disinfection of houses :—

I would limit this to such houses as are capable of being efficiently disinfected, as it is in my opinion merely a waste of time and money to employ costly chemical disinfectants on unsuitable houses. Which houses should, and which should not be disinfected, may be left to the discretion of the officer in charge of Plague measures.

I quite agree Disinfection as at present carried out is in most cases simply useless.
Intd. C .S.
By all means.
Intd. P. N. K.

We now come to deal with the *Permanent measures* for the prevention of the recurrence of Plague. By far the most important of these are :—

(1) The removal of individuals and communities who dwell in ill-ventilated houses with marked insanitary surroundings, to suitable houses erected on good sites, and built in accordance with approved sanitary principles. This measure might be given effect to by the erection of suitable lines for :—

This is the really important part.
Intd. P.N.K.

There is much to be said in favor of this.
Intd. C. S.

(a) *The servants employed in the Palace.*—These now live in houses scattered through the town, where it is impossible to have any control over them in matters connected with sanitation. If suitable lines were built, a medical officer could be appointed to attend to their medical wants, and to see that the proper sanitary requirements are complied with. He would moreover be able at once to detect any outbreak of infectious disease, and by early and efficient isolation, minimise the chances of infection being conveyed into the Palace.

Both these are very good suggestions. I believe for (b) a site has been selected. If one is selected for (a) we might take some action.
Intd. P. N. K.

(b) *The erection of lines for the Palace Barr Sepoys.*—These also are very necessary.

Who is to build these? If Govt, how is the cost to be recovered? The question is an important one and requires further consideration.
Intd. C. S.

Extensions on the outskirts of the town should be built for the *poorer* class of people whose houses and surroundings are markedly insanitary. These extensions might be arranged on a castewar system if considered necessary. The site for these extensions should be selected by a committee composed of the Sanitary Commissioner, the Sanitary Engineer and the President or Vice-President of the City Municipality and should on no account be left to the individual choice, or we shall have a repetition of the Reserve Police lines which have already had to be abandoned owing to the prevalence of malarial fever of a severe type among the members of the Force, entirely owing to the fact that the lines were built in close proximity to an ideal breeding ground for the malarial mosquito, I have drawn the attention of this to the Executive Engineer and have asked him to submit a scheme for diverting the drainage from the bathing ghat below Kukurhalli to some other place, in the meantime I have instructed the Health Officer to see that the several stagnant pools etc., are treated daily with kerosine oil. The houses in these extensions should be of a standard type, design drawn up by the Sanitary Committee before referred to, to which might be added an intelligent representative of each caste so that their several requirements may be duly considered.

This is unfortunate, but nothing can be said against the sites selected for the extensions.
Intd. C. S.

A strong committee has been appointed.
Intd. P. N. K.

2. *The demolition of all insanitary houses and opening up of congested areas.*—

Quite so.
Intd. C. S.

In connection with this I would point out that it is manifestly unfair to the people to demolish their houses and turn them adrift without providing other houses for them to go to and yet this is what has been done heretofore with the result that they have gone into their neighbour's houses thereby increasing the congestion and aggravating matters rather than improving them. The question of whether the people whose houses are demolished should be given compensation or whether a new house be given them instead should be decided by a competent committee who are fully alive to the several requirements of the people to be dealt with. Any attempt to open up congested areas should first be carefully considered by competent sanitary authorities, plans and estimates should be drawn up and the work carried out systematically. The fault heretofore has been the want of a systematic and continuous policy, the result being that houses have been demolished in a haphazard way, and in many cases the actual

Ditto.
Intd. P. N. K.

A committee for the consideration of this and kindred questions seems desirable.
Intd. C. S

Has been appointed.
Intd. P. N. K.

I hope we may be wiser.
Intd. P. N. K.

The present conservancy system is defective but no substantial improvement is possible until a number of new lanes are opened.
Intd. C. S.

3. *Improved Conservancy.*—In this memorandum, it is unnecessary to go into details on this point, they will be dealt with hereafter.

I may mention that an informal meeting of the Municipal Commissioners was held in the Rungacharlu Memorial Hall on the afternoon of the 27th, at which Mr. Sreenivasiengar and myself were present and the measures as proposed by me were freely discussed and agreed to, with the exception of inoculation and the only support I could get them to give me on this point, was, that they would not discourage inoculation in others. Mr. Krishniengar, Offg. Executive Engineer, brought forward a proposition which he said Doctor T. V. Arnuga Mudaliar had tried at Shimoga and that was of digging up the earth in streets and lanes highly infected, as also the floors of the houses and replacing it by fresh earth taken from a locality free from infection; he also added that the same effect could be produced by covering the road and floors of the houses with a good layer of dry sand. The Commissioners present all agreed that it was worthy of a trial on a small scale, and suggested that some lane which was highly infected should be experimented on. Up to date the Plague bacillus has never been detected bacteriologically in the floor of houses by any trustworthy observer. Needless to say however these results do not establish the absence of the Plague bacillus from the material examined. They prove merely that the Plague bacillus cannot with the present methods de detected in earth, and that inferences made in particular cases as to the infectivity of houses cannot at present either be confirmed or refuted by bacteriologicial investigations. "Doctor Marsh has conducted a series of such experiments. These showed that when the plague bacillus is introduced into moist sterilised garden earth, it is capable, under the particular circumstances which obtained in Doctor Marsh's experiments, of surviving there for a period of 13 days. The period of survival of the Plague bacillus in moist sterilised cow-dung was found to be particularly unlimited, the bacillus being still recoverable by cultivation after a period of many months. A further interesting fact elicited by "Doctor Marsh and already incidentally referred to, which has an indirect connection with the question of the growth of the Plague bacillus in earth and cow-dung floors, is the fact that agar cultures when buried under the floors of native houses were found to grow in a particularly luxuriant manner, this luxuriant growth being as further experiments demonstrated, probably due to the presence of carbonic acid in the ground air. These experiments would seem to suggest that the Plague bacillus may find certain conditions which are favorable for its developments in the floor of native houses". (*Vide* Report of the Indian Plague Commission of 1898-99, Vol. V, page 102.) Such being the case the measure as suggested by Mr. Krishniengar is a reasonable one, and the officer in charge of Plague measures will be asked to select a highly infected lane on which to experiment.

This seems well worth a trial.
Intd. C. S.

Yes.
Intd. C. S.

Must be carefully done and the result carefully ascertained.
Intd. P. N. K.

There is one other measure I would strongly recommend and that is the introduction of the Passport system as pertains in Madras. It is of course no use putting it in

This is matter which does not call for an immediate decision. And may therefore be reserved for future consideration.

Intd. C. S.

But it deserves consideration in Bangalore.

Intd. P. N. K.

force whilst the city is infected, but when it becomes free, it would if *rigidly* enforced materially prevent re-infection of the town by the importation of cases from surrounding villages. It is a measure which causes a good deal of trouble and annoyance to individuals and by some it is considered to be of doubtful value as a means of preventing a town from becoming infected but I feel convinced that the freedom of Madras from plague is due to the way in which this measure has been so rigorously carried out.

2. Note by the 2nd Councillor (Mr. C. Sreenivasiengar) regarding his inspection of the Mysore City in August 1902.

27th August 1902.

Col. Benson and myself arrived here (Mysore) this morning and were met by the Deputy Commissioner and President, the Vice-President, the Civil Surgeon, the Plague Officer and Health Officer. After an exchange of ideas on the subject of Plague prevention, we moved on to the Plague Camp (Eerangere) where we saw the patients and contacts and were satisfied with all that was being done by the Officer in charge (Health Officer) and his assistants. Here Col. Benson left me promising to join me again in the afternoon. Accompanied by the other officers, I inspected certain portions of the localities infected in the Lashkar and Mundi Mohallas. Here, I gained an insight into the way in which disinfection was being carried on. Col. Benson thinks and I agree with him that disinfection under existing conditions, such as the nature of most of the buildings we have to deal with and the ignorance and distrust of the owners or occupants thereof, can only be carried out in the present unsatisfactory manner and can scarcely be productive of any really beneficial results.

The President, Vice-President and myself next drove on to the Weaver Lines where we found that in addition to the houses occupied by the weavers, some 30 houses had been recently taken up by certain townspeople who rightly thought it prudent to shift from their own houses in infected parts of the city. Between 80 and 90 more houses were availabe and applications for permission to remove to them were being daily received by the Vice-President. Well-to-do applicants should be charged reasonable rent while very poor people should be charged none.

At 4 P. M. an informal meeting was held in the Rungacharlu Memorial Hall at which were present besides the officers mentioned above, nearly all the Municipal Commissioners of the city. The latter promised their hearty co-operation in the carrying out of the several remedial measures suggested by Col. Benson and regarding which he promised soon to submit a communication to Government. It may be noted that Col. Benson laid special stress on evacuation, segregation and inoculation. Some 200 families could be accommodated in the Plague Camp, Weaver lines, Chetnahalli Camp and Reserve police lines, while if a demand for more temporary accommodation were forthcoming, arrangements to meet it could easily and promptly be made. For the use of the Installation Guests' kitchen and other sheds had been run up with zinc sheet roofing in the premises of several public buildings. These and probably also the temporary thatched sheds put up in or near the Government House and the Pandals and Arches erected

in various parts of the city, are about to be pulled down and the materials thereof sold by public auction as usual. The realizations are not likely to amount to more than a small fraction of the cost price. The materials, however, would come in handy in connection (1) with the restoration of some of the Chetnahalli huts which have nearly collapsed, partly from natural causes and partly from neglect and (2) with the construction of new huts if necessary. I have asked the Deputy Commissioner and the Vice-President to carefully secure the materials and await orders.

After the meeting, the Deputy Commissioner and myself inspected the Chetnahalli Camp and were disappointed to find that the two watchmen employed by the Municipality at a cost of Rs. 10 a month, were absent and that for want of care on their part and of supervision on that of higher officers even the tiled buildings constructed at a large cost were showing signs of decay. Mr. Ramanuja Iyengar and Mr. Sreenivasa Rao were asked to see that further deterioration was prevented.

The Reserve Police Lines were next inspected. They are an excellent block of buildings but unfortunately their situation is said to be not very good. There is behind them a *kaila* which here and there contains stagnant water. The Executive Engineer who is an *ex-officio* member of the Municipality and who was present at the meeting adverted to above, has promised to do the needful. The early removal of this nuisance is desirable, a reference being made on the subject to the Public Works Department.

28th August 1902.

I walked through most of the streets, lanes and by-lanes of the fort, Lashkar and Mundi Mohallas this morning accompanied by the Vice-President and the Health Officer. The drainage of the Fort is fair but that of the other Mohallas leaves much to be desired. An improvement of the latter means of course careful investigation and considerable outlay. This and the removal of congestion and the opening of conservancy lanes, are a matter which in my humble opinion should receive early attention. At the meeting of the 27th the Municipal Commissioners said that while thankful to Government for past generosity, they thought that a great deal more yet remained to be done which Government alone could do unless sanction to the raising of a large loan by the Board with a Government guarantee were accorded. The appointment of a committee of experts seems advisable. The city is an important one and the Board are verging on pauperism. Government has to step in and do the needful.

I had thought of this also and an order is being issued at once.
Intd. P.N.K.

The next place visited was the Sayar Koti. Here I found that matters were far from satisfactory the reason, being bad situation and defective supervision. The subordinate officials employed in the Koti are having it all their own way, and Octori which is a most important item of Municipal Revenue and which is full of potentialities is receiving hardly any attention from the higher Officers. A more central situation and a greater attention by the Vice-President are, I think, likely to result in a substantial increase of revenue under Octroi. Cannot the City Magistrate's Court be removed to the building (known as Lacey's Court) and the building thus let free be utilized as Sandal Koti?

I shall see about this.
Intd. P. N. K.

The Jalapuri and Karnapur Extensions were next inspected. There was nothing noteworthy except that, in the former, houses were being built without provision for sufficient ventilation and the construction of drains yet remained to be put in hand though said to have been sanctioned long ago.

In the afternoon, I inspected the Vice-President's office in the presence of the President and Vice-President. The financial condition of the Board is not satisfactory. Retrenchment should be attempted in several directions and this I pointed out to Messrs. Ramanuja Iyengar and Sreenivasa Rao. In the budget for the current year, the Government sanctioned for Public Works original, a sum of Rs. 8,000 and odd over and above that entered in the President's estimate. This should be spent upon the opening of conservancy lanes wherever most urgently needed in the Lashkar and Mundi Mohallas. Nearly Rs. 60,000 are shown in the accounts as outstanding arrears, and the bulk of it represents the arrears of the past 4 years. Early steps should be taken to recover such arrears as are recoverable and to recommend the wiping off of the rest. The Vice-President expects to be able to collect about one half of the arrears in a short time. This expectation if realized and I do not see why it should not be, would place the Board in a position to carry out a large number of urgent works of improvement.

The Yeedaga Extension was next inspected. The site is an excellent one and it is a pity that so few houses have sprung up on it. Exertion and persuasion on the part of local officers could accomplish much. I understood the Deputy Commissioner to say that he was in hopes of inducing some 25 members of his own and other menial establishments to build for themselves at an early date, houses in this Extension.

I even authorized the payment of small advances and loans to be recovered on the same lines as Holeya settlers in Jalapuri.

(2) Letter No. 94-P., dated the 16th September 1902, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, bringing to notice certain defects in the arrangements ordered in Proceedings No. 2497-505—Mis. 406, dated 20th August 1902, under which he was constituted adviser to Government in Plague matters, and suggesting that he be appointed Secretary to Government in the Plague Department and that powers of sanction be given to him together with an establishment both clerical and menial.

No. 5124-35—L. B. (P.) 228, DATED BANGALORE, 29TH SEPTEMBER 1902.

ORDER THEREON.—In modification of the late Plague Commissioner's Circular No 4959-71, dated 2nd January 1900, and Government Proceedings No. 337-50, dated 30th September 1899, the Government are pleased to direct that the submission of monthly Plague budgets to this office be discontinued and that a statement of expenditure proposed to be incurred during the month be forwarded by the officers concerned to the Senior Surgeon and Sanitary Commissioner with the Government of Mysore on or before the 15th of the month previous to that to which such statement relates. All expenditure incurred from March to June 1902 (both inclusive) should be admitted in the accounts for the year 1901-02 and that incurred in July and August 1902 in the accounts for 1902-03.

2. The Senior Surgeon will himself take prompt action in Plague matters and keep the Government informed of the same by means of occasional notes. Matters of importance should be reported by him for the orders of Government. He will be authorized to scrutinize, and comply with to the extent necessary, all requisitions for funds from the Plague budget, provided that in the case of items not already sanctioned by Government, the previous sanction of Government is obtained in regard to the employment of additional officers and clerical and police establishment or to the grant of allowances and also to items exceeding Rs. 200. Applications for such sanctions should always be received from Deputy Commissioners, who are authorized to incur expenditure not exceeding Rs. 50 in very urgent cases. This power of sanction will be very sparingly exercised by the Senior Surgeon and a statement of such sanctions will be submitted to Government before the 5th of the month following that in which the sanction is given. Detailed and full information necessitating the expenditure will be given in such statement.

3. All correspondence relating to Plague matters should be addressed to the Senior Surgeon who will send up to Government, with his remarks and recommendations, such of them as are of special importance.

4. Two of the three clerks now specially employed in the Dewan's Office from Plague Funds will be placed at the Senior Surgeon's disposal, as also a couple of peons. The other clerk and two peons will be retained in the Dewan's Office for Plague work, the remainder of the Plague menial establishment being either absorbed or dispensed with.

5. A very useful note drawn up on this important subject is forwarded to the Senior Surgeon, who is requested to work on the lines indicated therein. The Deputy Commissioners are requested to lend their hearty co-operation to the Senior Surgeon.

RECEIPTS.

2. *I. Octroi.*—The decrease under this head in the budget of Hassan is said to be due to the possible recrudescence of plague in the town, which was once infected. The estimate is allowed to stand.

3. *II. and VII. House and Mohatarfa Taxes.*—The estimates under these heads based on the Jamabandi account of 1900-01 are passed.

4. *VIII. Rents (c) Markets.*—No estimate is entered under this head in the budget of Hassan as vegetable dealers in the town are said to be too poor to pay the small rent levied for the occupation of the market stalls for vending vegetables. It should be explained when and at what cost the market was constructed and why the prescribed rates of fees, if any, should not be reduced so as to induce the vegetable sellers to occupy the market on payment of such reduced fees.

5. *X. Miscellaneous (a) Sale of Lands.*—An increase of Rs. 500 is expected in the town of Hassan by the sale of building sites in the northern extension of the town. The estimate is passed.

6. *X. Miscellaneous (m) Contributions.*—The omission of any estimate under this head against Rs. 139 entered in the budget of 1901-02 towards the cost of maintenance of the District Fund roads in the town of Hassan, should have been explained. This should be done.

7. *Opening Balance.*—In lieu of the estimates proposed under this head, the marginally noted figures will be adopted as the corrected opening balance in the present budgets.

EXPENDITURE.

8. *III. Collection (a) Octroi.*—The budget of Arsikere newly provides for a mutsaddi on Rs. 8 per mensem for collecting Octroi and Mohatarfa taxes as the Board consider that the employment of a new man for the work is likely to improve matters on the ground that the shanbhog has many duties to attend to and cannot devote his time solely to the collection of Municipal revenue. Pending the issue of final orders on the President's reference separately received, the provision will be retained.

9. *IV. Conservancy.*—The Municipal Board of Hassan propose to employ four additional scavengers for introducing daily conservancy system into the town to ward off the recrudescence of plague in the town and to reduce the high rate of Rs. 8 per mensem proposed to be given to the three men to be specially sent for from Sholapur, which is now considered unnecessary, while the Municipal Board of Arsikere recommend the enhancement of hire of the conservancy cart from Rs. 15 to Rs. 18 per mensem owing to the outbreak of plague in the town and consequent scarcity of carts for conservancy purposes. The latter is sanctioned tentatively for one year and the provision for the former will be retained pending the issue of final orders on the President's letter No. 558, dated 13th May 1902, on the subject.

10. *VII. Lighting.*—In the Municipalities of Hassan, Alur, Saklespur and Belur, lighting is managed by contract while in other places where arrangements for lighting exist, by amani. It is observed that no explanation is furnished as to the necessity for providing Rs. 13 for the purchase of oil, wick etc., in Belur, where lighting is given out on contract and as to the number of lamps lit in other Municipalities where lighting is managed by amani. The omission should be supplied. Pending information however, the provisions will stand.

11. *VIII. Public Works.*—The provisions made under this head are passed subject to the submission of detailed estimates for works costing Rs. 500 and upwards.

12. *IX. Charitable Grants.*—The increase under this head is chiefly due to the provisions made for ⅓rd cost of "Clothing and bedding" required in dispensaries as also for travelling allowance and fees for extra cases payable to the midwife of Hassan. As the cost of bedding and clothing required for in-patients is debitable entirely to District Funds, the amounts entered on this account will be disallowed and the provision reduced accordingly.

13. The other items call for no remarks and are passed.

14. The budget estimates of receipts and expenditure of the several Municipalities in the Hassan District for 1902-03, are sanctioned as per particulars given in the accompanying appendices, of which an abstract is given below:—

No. 4168-79—L. F. 36-02, dated Bangalore, 18th September 1902.

Order.—It is unfortunate that the City of Mysore notwithstanding the large sums spent upon it for improvements, should still be subjected to outbreaks of plague each successive year. Government consider that nothing but sustained exertions for carrying out a carefully prepared programme of sanitary improvements can establish the health of the place. Congested portions should be opened up not simply by demolishing houses and sending the inhabitants adrift, but by devising suitable extensions and affording facilities for the building of houses. It is unlikely that the Municipality will be able to find all the money required for improving the City. But taking its general importance as the Capital of the State into consideration, His Highness the Maharaja considers that the State may properly bear a large part of such extraordinary outlay. How much of the expenditure required may be fairly expected to be met out of Municipal resources, is a question that can be settled only after obtaining an approximate idea of its total amount.

2. The scheme may be completely thought out and matured once for all. It would be impossible even for the State to find all the money at once; but the expenditure may be spread over a number of years.

3. The general lines on which improvements could be usefully designed seem to be the following: The slums of the City, wherever they exist, should be first improved, by knocking down insanitary buildings, providing against over-crowding, bad drainage and otherwise defective sanitation. Proper quarters should be found for surplus population removed from such localities; and such assistance as is possible and reasonably practical should be extended to poor people for building proper houses. A comprehensive scheme of proper drainage should be devised, not necessarily with a view to attain theoretical but unpractical perfection, but to meet the reasonable needs of the City.

4. The above are only general directions but it will be for the Committee which the Government has resolved to appoint to study the matter in all its various aspects both scientific and practical, and to devise a scheme for the consideration of Government, going into reasonable details. The President and Members who are named below, are requested to enter upon their work as early as they conveniently can, and submit a detailed account of their proposals with as accurate an estimate of cost as they can. They should also indicate in what order and in which manner the scheme would in their opinion be best carried out.

For this very important work, the Committee will be constituted of the following gentlemen:—

Mr. W. McHutchin (Chief Engineer), President.
Mr. E. Maconochie, I.C.S., Private Secretary to His Highness the Maharaja.
The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.
The Deputy Commissioner, Mysore.

Letter No. 753, dated the 18th February 1902, from the President of the Municipalities in the Tumkur District, reporting that a meeting of the Gubbi Town Municipal Board was held by the members on the 31st January 1902, as the Vice-President was engaged in Criminal work on that day, and soliciting orders as to whether Municipal members themselves can hold meetings in the absence of the Vice-President, and whether the latter can delegate his power to any of the members.

No. 4264-73—L. F. 27-02, DATED BANGALORE, 20TH SEPTEMBER 1902.

ORDER THEREON.—Pending the passing of the new Municipal Regulation, Government are pleased to direct that the Presidents or Vice-Presidents of the Municipalities at the Taluk Head-quarters, other than those of Bangalore and Mysore Cities, may by a special order authorize the Boards in writing to choose one of the members present to preside at such meetings when they are themselves prevented from attending. It is irregular to depute a sheristadar or other person who is not a member to preside at such meetings. Nor is it desirable that the President or Vice-President, who is himself the person fixing the dates of meetings, should absent himself from such meetings unless such absence is absolutely unavoidable.

2. In the case of Mofussil Municipalities, other than those at Taluk Head-quarters, Government must insist upon the Vice-Presidents making it convenient to attend such meetings.

The demand, collection and balance statements for the several Municipalities in the State for the quarter ending 31st March 1902.

No. 4852-60—L. F. 44-1901, DATED BANGALORE, 25TH SEPTEMBER 1902.

ORDER THEREON.—The following statement exhibits the demand, collection and balance under the head "Municipal Revenue" for the quarter ending 31st March 1902:—

No.	Municipalities.	Number of Municipalities.	Balance on 1st January 1902.	Demand for the quarter.	Total including ce.	Collection during the quarter	Balance at the end of March 1902.	Percentage of balance to total demand for the quarter.

5	Kolar District	11	4,517	12,847	17,364	12,572	4,792	27·60
6	Tumkur District	18	510	16,840	17,350	14,254	3,096	17·84
7	Hassan District	14	2,749	9,566	12,315	6,963	5,352	43·46
8	Shimoga District	14	6,125	16,921	23,046	11,803	11,243	48·79
9	Kadur District	9	5,383	21,344	26,727	10,867	16,060	60·09
10	Chitaldrug District	15	134	18,201	18,335	16,432	1,903	10·38
	Total ..	124	1,41,317	1,87,521	3,28,838	1,76,652	1,52,186	46·28

2. From the above, it appears that the total demand including the uncollected arrears of previous quarter was Rs. 3,28,838, of which Rs. 1,76,652 was collected, leaving a balance of Rs. 1,52,186 to be collected at the end of the quarter.

3. The percentage of outstandings to the total demand at the end of March 1902 in the Municipalities of the several districts and the Cities of Bangalore and Mysore is as given below and is contrasted with that at the end of December 1901:—

Municipalities.	Percentage at the end of—	
	December 1901	March 1902
1. Bangalore City	58·47	60·06
2. Bangalore District	26·39	5·49
3. Mysore City	47·73	45·25
4. Mysore District	79·57	54·01
5. Kolar District	40·96	27·60
6. Tumkur District	22·56	17·84
7. Hassan District	51·76	43·46
8. Shimoga District	56·79	48·79
9. Kadur District	44·05	60·09
10. Chitaldrug District	3·62	10·38
Total percentage ..	54·50	46·28

4. This shows that the percentage of outstandings to the total demand at the end of March 1902 was less than that at the end of December 1901 in all the Municipalities except that of Bangalore City and those of the Chitaldrug and Kadur Districts. The Presidents are requested to see that every endeavour is made for the collection of all recoverable balances as early as practicable and to submit for the orders of Government a statement of irrecoverable balances to be written off the accounts as required in Government Proceedings No. 14635-42—L. F. 44-01 dated 5th March 1902. The balances in the Municipalities of the Mysore City, Mysore District, Hassan District, and Shimoga District are also heavy and demand early attention.

REVENUE

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 617, dated 14th June 1902, from the Deputy Commissioner, Hassan District, submitting his report on the inspection of the Agricultural Bank at Saklespur.

No. R. 1239-40—R. F. 100-96, DATED BANGALORE, 20TH SEPTEMBER 1902.

ORDER THEREON.—Recorded with the following observations :—

It is reported that the present state of this Bank is not satisfactory.

Reference to Report.	*Observations by Government.*
Para 7. A complete list seems to have been maintained, except that the lands belonging to Oodevar brothers in Arsikere and Belur Taluks have not been included. The President has been requested to ascertain the same early and supply the omission before the next inspection.	The fact of this omission having been duly supplied should be reported at an early date.
The lands have generally deteriorated in condition, particularly those of the Oodevar brothers.	The cause of this deterioration should be reported with sufficient details.
The present condition of the estate has affected to a considerable extent the solvency of the Bank, for it is obvious that, where the estate is neglected, its yield is poor and the value accordingly goes down.	This question is of importance and must engage the attention of the Planters concerned. They should be warned against further neglect and referred to para 73 of the Articles of Association.
Para 8. The Bank in its dealings with the members, seems to have exceeded the limits allowed by Article 42 of the Articles of Association in the case of Oodevar brothers and Messrs. M. N. Subbaiya and Sreekantiah.	There is no reason why these members should not be made to refund to the Bank the excess drawn by them.
12. I am unable to say satisfactorily whether the loans obtained have been properly applied (I mean for the up-keep of the estates after discharging the encumbrances) and the application watched by the Board of Directors.	Proper enquiry may be made and the facts ascertained, reported.
Para 13. The bonds and receipts due from Mr. Abdul Ghani Sahib in respect of Rs. 1,200, from Mr. Kalappa in respect of Rs. 660, and from Mr. Oodwar Dyave Gowda in respect of Rs. 650, have not been yet obtained by the Bank.	They should be obtained early and reported.
Para 14. There has been no punctuality in the payment of the dues.	Must be insisted on.
The subjoined statement furnishes the amount of arrears of interest due by each member up to 31st December 1901, which have not been yet recovered.	This is not satisfactory. Some of the leading members are the defaulters.
The statement below gives the amount of interest due by the Bank to Government up to 31st December 1901, Rs. 15,143-9-3.	This is not satisfactory. The amount due to Government must be recovered and credited within a time to be fixed by the Deputy Commissioner, and the fact of the recovery reported to Government.
Para 15. Up to date of inspection the amount of reserve is Rs. 16,733-1-1 or including the sum of Rs. 650-3-6 deposited in the Savings Bank, and Rs. 11-5-8, the cash balance on hand, is Rs. 17,395-4-3.	Why should not the arrears due to Government be paid out of this ?

20. The Bank is not in a flourishing condition. It seems to be sorely in need of help.

How could help be given to such a Bank as this? The value of property is fast deteriorating. The leading members have taken more money than they ought to. They are the defaulters. The Government interest is not paid.

Correspondence ending with Note dated the 26th June 1902, by the Secretary to the Government of Mysore, Public Works Department, recommending that as the duty of lopping avenue trees, which was transferred to the Revenue Department by Government Order No. 5591-610—932-51, dated 20th December 1892, has not been properly attended to by that Department, it may be re-transferred to the Public Works Department.

No. R. 1370-9—R. F. 116-92, DATED BANGALORE, 30TH SEPTEMBER 1902.

ORDER THEREON.—It has been brought to the notice of Government that in some places the lopping of avenue trees is not carried out at all to the serious obstruction of traffic, while in others it is not regularly and systematically attended to, as branches are, in many cases, unnecessarily felled and bare stumps left projecting some feet from the trunk after the branches are lopped off; that in some localities, trees are profusely felled for the sake of firewood, but where there is abundance of wood procurable, the villagers do not care to lop the trees; that when trees are blown down by storm, they are long allowed to remain where they fall, causing obstruction to traffic; and that sufficient attention is also not paid to re-planting. It is therefore proposed that lopping of trees and the removal of obstruction to the roads may be carried out by the Department of Public Works, the Revenue Department being left to deal with matters connected with the planting and watering of trees, removal of dead trees and the disposal of produce.

2. Government observe that it is the Deputy Commissioner alone, that under Section 43 of the Land Revenue Code, is competent to order the lopping of road-side trees by whomsoever planted and reared, and in whomsoever vests the right to the land on which they stand. It is understood that the avenue trees, whether on Provincial roads or on Local Fund roads, have for the most part been planted by the raiyats. In any case, the transfer proposed necessitates a change of law, the need for which has, in the opinion of Government, not been conclusively established. If, as has been reported, the officers of the Revenue Department have, in the past, been neglectful of their duty in this important matter, the remedy lies in insisting upon a strict compliance by them with the existing orders on the subject, and not in a radical change by legislation of a practice which has long been in vogue.

3. For these reasons, the attention of the Deputy Commissioners will be called to the several shortcomings noticed above, with a request that the matter may receive systematic attention. The following instructions are also issued for guidance.

4. The lopping should be attended to every year at the close of the cold season, *i. e*, in the month of February, as it is considered to be the most convenient time for such purpose without any danger to the trees. In the following month, the rising temperature brings a number of trees into active growth and it would do them irreparable damage if they are lopped.

5. The re-planting of trees in lieu of those destroyed by natural causes should be systematically enforced by local Revenue Officers. Every Shekdar should be made to inspect the places within his jurisdiction and report to the Amildar just before the beginning of the rainy season how many require to be planted; and the vacancies should be supplied by the villagers within whose limits they stand.

6. At the Jamabandi, statements showing the number newly planted in each village should be obtained and a fair proportion should be verified by inspection by Taluk and District Officers. The information so obtained and verified should be mentioned in the annual Jamabandi reports.

7. Such trees as grow well in the neighbourhood of the locality and as far as possible useful fruit or other trees should be chosen for planting in each place.

FINANCIAL

Proceedings of the Government of His Highness the Maharaja of Mysore,

No. Fl. 443-483, dated Bangalore, 15th September 1902.

Order.—With a view to prevent sanction being conveyed to items of expenditure either when they are not provided for in the passed budget or in excess of the provision made therein for the year, the Government are pleased to direct that, whenever sanction to any expenditure of State Revenue is solicited, the budget provision actually available at the time to meet the expenditure proposed be invariably pointed out. Heads of Departments and the Deputy Commissioners of Districts are requested to enforce this order strictly in future. It will not be sufficient to refer to 'General Savings' in any case.

Letter No. 1496, dated the 16th January 1902, from the Secretary to the Mysore State Life Insurance Committee, submitting, for sanction of Government, Resolution No. II (4) passed by the Committee at their meeting held on the 16th October 1901, proposing an alteration of Rule 23 of the Insurance Rules.

No. Fl. 496, dated Bangalore, 17th September 1902.

Order thereon.—The Government of His Highness the Maharaja of Mysore are pleased to sanction the alteration of Rule 23 of the Mysore State Insurance Rules, as proposed by the Insurance Committee.

2. The rule when modified will stand as follows:—

"Rule 23. The Committee shall authorize payment of the bonus to the Insured as soon as possible on his completing the age of 55 years and on surrendering his Policy. If the Insured is dead, the bonus shall be paid to the person or persons nominated during the life-time of such Insured, approved by the Committee and registered in the office of their Secretary, and failing such nominees, to his legal heirs declared as such by a competent Court of Law, and on the surrender of the Policy. The bonus payable under this Rule shall be subject to a deduction of any amount that may be due to Government by the Insured."

3. The following Notification will be published in the *Mysore Gazette.*

Letter No. 4,731—206, dated 31st January 1902, from the Excise Commissioner in Mysore, soliciting orders of Government as to whether the fines levied for private trees destroyed by overtapping or careless tapping under the Excise Rules in force should be credited to Government, and stating as his opinion that the penalty of one rupee levied under the rules in force for each tree in excess of three per cent of the number of trees marked which may die from overtapping or careless tapping, either during the lease or within six months after its expiration, must be recovered in the case of private trees as well as of Government trees and credited to "Excise Miscellaneous," such penalty being a departmental fine or punishment for the offence of overtapping or carelessly tapping the trees.

READ ALSO:—

Letter No. 498—19 dated 17th July 1902, from the same officer stating with reference to D. O. dated 18th February 1902, that, as the fine in question is intended to represent, not compensation alone for loss sustained, but also a penalty for doing an improper act, a portion of the fine has to go to the owner and the balance to Government.

No. FL. 576-85, DATED BANGALORE, 29TH SEPTEMBER 1902.

ORDER THEREON.—Government observe that the fine represents (1) compensation for the loss and (2) penalty for infringement of rules and consequently is leviable on private trees as well as on Government trees. They accordingly direct that the fine so levied on private trees be equally divided between the Government and the tree-owner after deducting the amount of reward, if any, paid to the informer or other person who helps to bring the offender to justice.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 497—18, dated 17th July 1902, from the Excise Commissioner in Mysore, submitting, with reference to Government Proceedings No. 55—Ex. F. 21-95, dated 15th idem, a set of draft Rules for the grant of rewards in Excise cases punishable under Regulation No. V of 1901, and requesting that the same may be approved and published.

No. 156-66—Ex. F. 21-95, DATED BANGALORE, 29TH SEPTEMBER 1902.

ORDER THEREON.—The draft Rules submitted with the above as slightly modified in this office, are approved and forwarded to the Compiler, *Mysore Gazette*, for publication in three successive issues of the Gazette.

NOTIFICATION.

No. 167—Ex. F. 21-95, dated Bangalore, 29th September 1902.

The following Rules for the grant of rewards in Excise cases are sanctioned by the Government of Mysore.

Rules for the grant of Rewards to informers and others who may render service to Government by detecting or preventing breaches of Excise Laws—

(1) In any case in which a penalty or confiscation has been adjudged by competent authority under any law for the time being in force for the administration or protection of Excise Revenue, the under mentioned officers of the Excise Department may grant, in such proportions as they think fit, to any person, or persons who may have contributed to the conviction of the offender or to the seizure of the property so confiscated, a reward not exceeding the proceeds of the liquor or intoxicating drug confiscated, plus the amount for which any other article confiscated in the same case may sell, plus the amount of any fine imposed therein.

Provided always that the aggregate amount of the rewards thus granted in any one case, shall not exceed—

	Rs.
If the award be made by the Excise Commissioner	100
If the award be made by a District Deputy Commissioner or by the Deputy Excise Commissioner	25

(2) In any case in which any person or persons may have been convicted of any offence against the Excise Revenue, but in which no penalty or confiscation may have been imposed or realized, or in which any person has performed any service of special merit in respect of the prevention or detection of any offence against the Excise Laws, rewards may be granted as follows :—

	Rs.
By the Excise Commissioner to an aggregate amount not exceeding ...	50
By a District Deputy Commissioner, or Deputy Excise Commissioner to an aggregate amount not exceeding	25

(3) The Excise Commissioner or a District Deputy Commissioner or the Deputy Excise Commissioner, with the sanction of the Excise Commissioner, may incur at his discretion an expenditure not exceeding Rs. 50 in each case for the employment of informers or for any other purpose connected with the prevention or detection of any offence against the Laws relating to Excise Revenue.

(4) Proposed rewards and expenditure exceeding the sums above set forth, should be reported for the previous sanction of Government.

(5) Rewards should not as a rule, be less than half of the aggregate amount of the fines and confiscations realized.

(6) Where the aggregate amount of fines and confiscations realized is small (say up to Rs. 5) the reward may properly be of equal amount.

(7) Rewards to village officials whose co-operation it is particularly desirable to secure, should be *substantial* no matter how trivial the case. Rupees three might be fixed as a minimum in such cases. The Deputy Commissioners of Districts should issue orders to heads of villages, requiring them to exert themselves and assist the Excise officials, and should enforce their responsibility for suppressing illicit distillation.

(8) The Police will aid the Excise staff in the detection and punishment of breaches of the Excise Laws by reporting all cases that come to their notice in the discharge of their ordinary Police duties, as well as by reporting to the officials of any villages in which illicit distillation or other Excise offences are known or commonly reported to rife. They should co-operate with Excise officers as far as it is in their power to do so, without prejudice to their own ordinary duties. Their services in the detection of important cases will be suitably rewarded.

(9) Where substantive sentences of imprisonment are passed by Magistrates, and no fines or confiscations are realized, rewards may be paid according to the importance of the case in the discretion of the officers authorized to make awards within the limits of their powers of sanction.

(10) At least half of all rewards should be given to the informer, if any, the remainder to the persons who actually co-operated in the seizure, or arrest, unless in execution of a Magistrate's warrant, in which case one-quarter of the reward should be sufficient for the latter and one-quarter might be given to the person who applied for the warrant.

(11) If there is no informer, the whole reward should go to the persons who actually co-operated in the seizure, etc., as above.

(12) By an "informer" is to be understood only the original informant and not any person who performs the unimportant function of simply passing over the information second-hand.

(13) Rewards should generally be distributed among Government servants equally engaged in the transaction, for which the reward is granted, in proportion to their salaries. No rewards should be given to Inspectors without the sanction of the Excise Commissioner. As a general rule they must look to the Excise Commissioner to recompense them for good work done by suitable promotion as opportunities occur. Rewards to the servants of other Departments than the Excise should be made through the heads of those Departments.

(14) Persons simply taking over persons or goods seized by others cannot, as a rule, be held to merit a reward.

(15) Recommendation rolls or bills as the case may be, for payment of rewards should be submitted to the Excise Commissioner after final conviction of the offenders in the Appellate Court, if an appeal has been presented, or after the period allowed for presenting the appeal has elapsed. These papers should show what amount if any, has been realized by fines and sales of confiscated property in the case.

(16) On receipt of the recommendation rolls or bills, the amount sanctioned or passed by the Excise Commissioner, will be drawn on abstract contingent bills and forwarded to the officer concerned. Payments of rewards must be made personally by the District Deputy Commissioner, Deputy Excise Commissioner or Excise Assistant Commissioner, as the case may be, and acknowledgments obtained from the payees and forwarded to the Excise Commissioner's Office.

(17) No delay should be permitted in the disbursement of rewards.

(18) Rewards in special cases may with the previous sanction of Government, be made in any other form than a grant of money.

By Order,
H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

PETITION

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 92, dated 24th July 1902, from the Deputy Commissioner, Mysore District.

In reply to your Official Memorandum No. Pet.—157, dated 21st July 1902, forwarding for disposal or report, if necessary, a telegram from the inhabitants of Hunsur, complaining of the unlawful detention of their cattle by Mr. Wilkinson of Hunsur, I have the honor to enclose herein copies of the marginally noted communications on the subject, and to state that the complaint made by the people of Hunsur is still under enquiry and the same will be disposed of according to law.

(1) This office letter No. 196, dated 19th July 1902, to Mr. Wilkinson.
(2) Mr. Wilkinson's letter dated 21st July 1902.
(3) This office letter No. 247, dated 24th—25th July 1902, to Mr. Wilkinson.

2. It will be seen from the copies of the letters herewith sent, that Mr. Wilkinson has, without permission, established a pound on his own premises and has been levying fees for the release of cattle trespassing upon his land. Mr. Wilkinson, however, tries to get out of the difficulty by calling his pound a "shed" and the fees levied his "damages."

3. Although the Cattle Trespass Act contains provision (*vide* Chapter V) for awarding damages to the injured party for illegal seizure and detention of cattle, it does not contain any penal provision for punishing a person who without permission opens a pound on his private land and thereby causes loss to Government.

4. I would therefore request you to kindly obtain the Orders of Government as to how I should proceed in such cases.

No. PET.—341-8, DATED BANGALORE, 4TH SEPTEMBER 1902.

ORDER THEREON.—Government observe that pounds can only be established and fees and penalties levied under the Cattle Trespass Regulation. No private person has any right to act in these matters on his own responsibility. The petitioners and Mr. Wilkinson should be informed accordingly. If, in spite of this exposition of the law on the subject, Mr. Wilkinson persists in the continuance of the procedure complained against, he runs a serious risk, which Government are sure he would avoid if it is pointed out to him that the law affords him and other persons similarly circumstanced, sufficient protection and remedy, and that the assumption by a private party of functions and powers not provided for therein is likely to land him in serious trouble.

2. Under Section 10 of the Cattle Trespass Act, 1871, as amended by Regulation No. VIII of 1892, one in the position of Mr. Wilkinson may seize trespassing cattle and within 24 hours send them to a regularly established pound. Illegal detention in any other form will render the seizer liable to be prosecuted under Section 20 of the Act. The District Magistrate can deal with such offences; and this power, if properly exercised, is deemed sufficient to meet the case brought to notice.

Appeal No. 46 of 1901-02.

Appellant	*versus*	Respondents
Gopalaratna Mudaliar.		1. Abdul Rahiman Sab 2. Adiseshia.

Subject.

Appeal against the order of the Deputy Commisssioner, Tumkur District, co firming the sales of Survey Nos. 209 and 210 under the Tumkur Amanikere f arrear of revenue.

Decision.

The appellant, who is the khatedar of Survey Nos. 209 and 210 under t amanikere of Tumkur, fell into arrears to the extent of Rs. 89-9-6 being the asse ment on the above mentioned two numbers for the year Vilambi (1898-99.) Aft the preliminary formalities had been gone through, the Amildar declared the lan forfeited and after the publication of the proclamation of sale, sold on 8th Novemb 1899, Survey No. 209, being garden measuring 3 acres and 29 guntas and assessed at Rs. 41 for Rs. 165. (The arrear then due including interest and process fees was Rs. 91-6-6.) Both the deposit and sale amount were paid by the purchaser (1st respondent) in due time and credited in the Treasury.

The Amildar sent up the proceedings for confirmation of the sale by the Deputy Commissioner on 8th December 1899 (received by the Deputy Commissioner on 18th December 1899.)

2. The petitioner (appellant) appears to have protested against the sale in a petition which is not forthcoming in the record but which is referred to in a subsequent petition from him dated 15th March 1900. The Deputy Commissioner (Mr. M. Narain Rao) thereupon passed an order dated 25th February 1900, directing the petitioner and the auction-purchaser to appear before him on 17th March 1900. After an adjournment and several months' delay, the Deputy Commissioner (Mr. M. Narain Rao) on 8th August 1900 passed an order confirming the sale of Survey No. 209 and releasing No. 210 " from attachment " as he terms it.

3. The Amildar solicited instructions as to the refund to the khatedar (petitioner) of the excess out of the sale proceeds (Rs. 165 minus Rs. 91-6-6, equals Rs. 73-9-6) and also for remission of assessment on Survey Nos. 209 and 210 which had accrued for the year Vikari (1899-00.) It will be seen that the Amildar was sound in recommending the remission of the kandayam for the year 1899-00, as the land was in the hands of Government from June 1899 to August 1900, and neither the purchaser nor the khatedar seems to have derived any benefit from it.

4. As regards Survey No. 209, the purchaser could have been made responsible under the provisions of the Land Revenue Code for the arrears due for 1899-00, as the sale took place on 8th November 1899 and Section 191 of the Land Revenue Code says that " the purchaser of any land shall be liable for all instalments of land revenue becoming due in respect of such land subsequently to the date of sale." But this provision implies confirmation of sale and transfer of possession within a reasonable time from the date of sale and not confirmation after a delay of 9 months from the date of sale and after the expiry of the Revenue year for which the demand was made.

5. The Deputy Commissioner in his reply to the Amildar, dated 4th October 1900, observed *inter alia* that the kandayam of No. 209 for Vikari (1899-00) should be recovered from the produce of that land for the years 1898-99 and 1899-1900, and that the khatedar was himself liable to be proceeded against for the

kandayam of No. 210 for that year. The Deputy Commissioner's (Mr. Narain Rao's) subsequent order, dated 3rd January 1901, having probably by an oversight, referred to the kandayam of Vilambi which had long before been recovered by the sale of No. 209 instead of to that of Vikari which had afterwards accrued, the Amildar made a further reference on which the Deputy Commissioner (Mr. B. G. Krishnaiyengar) passed an order on 14th April 1901 stating that the khatedar (petitioner) was liable to pay the kandayam up to the date on which the purchaser was put in possession and that full arrears inclusive of the assessment for Vikari (1899-00) should be deducted out of the sale amount. As a result the whole of the sale amount of Rs. 165 was credited to the Treasury. In connection with this order of the Deputy Commissioner, it has to be noticed that his dictum that the khatedar was responsible for the revenue up to the time the purchaser was put in possession of the land is erroneous and should have been avoided by an officer of the Deputy Commissioner's experience. It is presumed that the surplus (Rs. 73-9-6) with Rs. 12 recovered from the cultivator of No. 209 was credited towards the arrear due, not on account of No. 209 alone but on that of both Nos. 209 and 210, as otherwise the Deputy Commissioner's order would be clearly unintelligible, the assessment of No. 209 being only Rs. 41.

6. The assessment on Survey No. 210 for the year Sharvari (1900-1901) had by this time become due, and the usual procedure of issuing a notice, declaring the land forfeited and selling it, was adopted. On the day the demand notice was served, there was to the credit of the khatedar Rs. 73-9-6+12-0-0, total Rs. 85-9-6, minus about half of it taken in satisfaction of the demand on the said land (No. 210) for the year Vikari (1899-00). In other words there was enough with which, as desired by khatedar, the Government could pay itself the kandayam of No. 210 for Sharvari (1900-01). The Amildar, however, did not comply with the khatedar's request, owing evidently to the erroneous order already passed by the Deputy Commissioner holding the surplus creditable towards the kandayam due on both Nos. 209 and 210 for the year Vikari (1899-00). He proceeded with the sale of the land and knocked it down to the highest bidder the second respondent. This sale was confirmed by the Deputy Commissioner and hence the present appeal.

7. The Amildar's request for instructions as to what should be done in regard to the kandayam due for Vikari (1899-00) did not elicit a prompt and definite reply. The Deputy Commissioner Mr. B. G. Krishnaiengar, ultimately laid down a dictum the erroneousness of which was patent on the face of it. The amount of demand was not ascertained and stated with the exactitude which, in such matters, was highly desirable. Unauthenticated marginal notes have been allowed a place in the record, while a most important paper on which action was taken is not to be found in it. A certain remission has been referred to in respect of which there is on record no explanation of any kind whatever.

8. In the result Government hold that the sale of No. 209 was properly conducted and that there are no grounds for any interference therewith. They further hold that the khatedar (petitioner) was not responsible for the kandayam due on the said land, *viz.*, No. 209, for Vikari (1899-00) and that the order directing that it be taken from the surplus of the sale amount was wrong. Lastly they hold that the khatedar's (petitioner's) request that the said surplus plus proceeds of produce be appropriated towards the kandayam due on land No. 210 for the years 1899-00 and 1900-01 (Vikari and Sharvari) was quite reasonable and ought to have been complied with, thus obviating the necessity of any coercive process being adopted in respect of the same. Government accordingly decline to disturb the sale of No. 209, but direct that the sale of No. 210 be set aside. The arrear due on the latter will be adjusted as above, and the purchase money paid by the 2nd respondent will be refunded to him.

No. 378—P. F. 28-02, dated Bangalore, 11th September 1902.

Copy of the above is forwarded to the Deputy Commissioner, Tumkur District, together with the records received with his letter No. 830, dated 16th March 1902.

READ—

Letter No. 106, dated 7th August 1899, from the Deputy Commissioner, Tumkur District.

1. I have the honor to forward herewith copy of a petition received from Sivaramiah, holder of the kayamgutta village of Sulekuppe, in the Kunigal Taluk, intimating his intention to introduce into that village the Rules published with Notification No. 1677—R. 540, dated 10th August 1897, for the payment of *Miras* to totis, talaris and nirgantis. The petitioner's object in giving this intimation is apparently to signify to the villagers that his action in introducing the Rules in question into his village has received the sanction of Government. I beg to be instructed whether such a step may be countenanced.

2. Petition of Appeal No. 2904 of 1901-02 from talavar Muniga of jodi Bandahalli village, Chikballapur Taluk, against the Deputy Commissioner's order dismissing the claim of the petitioner to miras from a raiyat of the village on the ground that Notification No. 123, dated 1st August 1878, did not apply to alienated villages.

No. PET.—380-8, DATED BANGALORE, 12TH SEPTEMBER 1902.

ORDER THEREON.—The question raised in the papers read above is whether Notification No. 123, dated 1st August 1878 and Notification No. 1677—R. 540, dated 10th August 1897, apply to alienated villages. The Government are of opinion that they do apply, as the notifications do not expressly exempt alienated villages from their scope and as according to the definition of "alienated" given in Section 3 of the Land Revenue Code, alienation refers only to the rights of Government to payment of the rent or land revenue.

2. The Deputy Commissioner, Kolar District, to whom the appeal of Muniga will be remitted, will be requested to pass a revised order on the merits.

Appeal No. 2 of 1902-03.

Appellant	*versus*	Respondent
Banavati Nanjundappa		Chatrada Subbanna.

Subject.

Appeal against the order of the Deputy Commissioner, Bangalore District, declin- to enquire into the appellant's claim for certain sums alleged to have been lected in the jodi village of Arodi by the respondent while he was in possession the vrittis belonging to the appellant from 29th September 1899 to 24th May 01.

Facts of the Case.

On the appeal of Banavati Nanjundappa, the sale for arrears of revenue of tain vrittis, belonging to him in the jodi Arodi village, Dodballapur Taluk, was ncelled in Government Proceedings No. 7258-65—P. F. 93-92, dated 15th March 01. In pursuance of the above order, the vrittis which were in the possession of respondent from 29th September 1899 were restored to the appellant on 24th y 1901. The jodi on the vrittis for the two years—Vikhari and Sharvari, 1899-00 and 1900-01—amounted to Rs. 792-10-8 of which the respondent had paid Rs, 393-12-6

The appellant when called upon to pay up the balance of Rs. 398-14-2 contended that he was not liable to pay up the arrears as he had not been in possession of the vrittis during the said period and as the rents for that period had been collected by the respondent. The Assistant Commissioner in charge of the taluk thereupon ordered that the arrears should be recovered from the respondent by deducting the same out of the purchase amount refundable to him. On appeal the Deputy Commissioner held that the vrittis were primarily responsible for the arrears due on them and declined to enquire into the appellant's claim for the sums collected by the respondent during the time the vrittis were in his possession.

Decision.

It is clear from the receipts produced by respondent and admitted by appellant that appellant has recovered rents due for Sharvari (1900-01). The presumption of liability on the part of the respondent raised by his having given formal repossession of the vrittis so late as on 21st May 1901 is rebutted by this fact. Appellant is clearly liable for the jodi for Sharvari 1900-01. The purchaser (respondent) has paid jodi for Vikhari 1899-00 and the amount has been rightly credited to the arrears of that year. There is still a small balance due by him being a few rupees. These will be recovered from him (respondent).

Gopalappa		Savitramma.

Subject.

Appeal against the order of the Deputy Commissioner, Bangalore District, directing the registry of the shanbhogi office of Gangadharpur Circle in the name of the respondent.

The facts of the case are clear from the following.

Decision.

1. Government do not see appellant has any case to go upon. He and respondent's deceased husband were brothers. The shanbhogi of two circles was in the family. In 1879 appellant himself transferred one circle to his brother, retaining the other for himself. On the death of the brother the circle has been registered in the name of the widow, respondent. The order is properly passed and Government see no reason to interfere with it.

Subject.

Appeal against the order of the Deputy Commissioner, Tumkur District confirming the sales of certain lands and two houses in Naravangala, Tumkur Taluk belonging to the appellant, for arrears of revenue.

Facts of the case.

The appellant fell into arrears of kandayam amounting to Rs. 128-7-9 on hi lands in the village of Naravangala, Tumkur Taluk, for the year 1895-96. After th usual preliminaries, the appellant's khate lands, S. Nos. 91, 8, 33—2, 34—2, 35—5 58 and 42—4 in the Naravangala Amanikere village were declared forfeited t Government and sold in public auction in June 1896, at which S. Nos. 91 and 42— fetched Rs. 9-2-0. The other numbers were bought in by Government for a nomina price as there were no bidders. Subsequently the assessment on S. Nos. 33—5 34—2, 35—2 and 42—4 for the year 1895-96 was remitted in March 1900 as the had been submerged by the Mukanahallipatna tank. For the balance of the arrea *viz.*, Rs. 67-1-9, still due, the appellant's other lands, *viz.*, S. No. 71 of Mudgere, No. 1 of Kaggere and No. 18 of Asalipura village, and two houses in Naravangala, were sol for Rs. 65-5-6, S. Nos. 29 and 30 of Asalipura being bought in by Government fo want of bidders. The respondents are the purchasers of the lands and houses i question. After the confirmation of the sales by the Deputy Commissioner, th appellant applied to the Deputy Commissioner for their cancelment, offering to pay the arrears, but the Deputy Commissioner rejected the application.

Decision.

No material irregularities have been shown in the conduct of the sale. Government decline to interfere. Appeal rejected.

Rama Rao		Pachamiya.

Subject.

Second application for review of Government endorsement No. 3448-661—1116, dated 6th October 1898, rejecting as out of time the petitioner's appeal against the order of the Deputy Commissioner, Kolar District, appointing the counter-petitioner as patel of Mulbagal kasaba.

Facts of the Case.

Venkatrayappa who was appointed patel of Mulbagal in 1874, embezzled Government money and absconded in 1889. The petitioner who is the nephew (brother's son) of Venkatrayappa presented two petitions to the Deputy Commissioner, one on 2nd May 1889 and the other on 30th June 1889, promising to make good the amount embezzled by his uncle and praying for the registry of the pateli office in his name. The Deputy Commissioner declined to grant the petitioner's prayer, remarking that he was the son of the shanbhog of the place and appointed the counter-petitioner as patel. The petitioner appealed to Government in 1897 against the above order and this appeal was rejected on the ground that it was long out of time, as he was born in 1870 and was therefore a major in 1889. His review application was also similarly rejected in 1899. In the present application, the petitioner urges that he was a minor in 1889, having been born in 1874 and not in 1870 and produces a horoscope in support of the allegation.

Decision.

It has already been held twice that the appeal is barred by time. Government decline to re-entertain it. Government, however, note that the petitioner's claim preferred in 1889, has been rejected summarily although such claims are triable in a formal manner. The claim will now be enquired into according to the procedure laid down for formal enquiries and the case disposed of on its merits.

Kalegauda		Danappa and 32 other vrittidars of Jodi Benakanakere, Tiptur Taluk.

Subject.

Appeal against the order of the Deputy Commissioner, Tumkur District, setting aside the sale to the appellant of the Jodi village of Benakanakere, Tiptur Taluk.

Facts of the Case.

For arrears of jodi amounting to Rs. 1,951-0-8 due to Government, on the jodi village of Benakanakere, Tiptur Taluk, up to the end of the year Vikhari 1899-00, the village in question was declared forfeited to Government and advertised for sale on 5th November 1900. On the representation of Komariah, one of the vrittidars who offered his Savings Bank Pass Book for Rs. 600 as security, the Government directed by telegram on 5th November 1900 the stay of the sale and called for a report on the appeal petitions of the vrittidars Komariah and Danappa. Before the receipt of the telegram, the Assistant Commissioner in charge of the taluk had conducted and closed the sale in which the appellant was the purchaser for Rs. 6,300. The Deputy Commissioner, however, set aside the sale and recommended to Government that as owing to disputes among the vrittidars, considerable difficulty was experienced every year in collecting the jodi due to Government, the village might be attached under Section 165 of the Land Revenue Code and kept under Government management. In their Proceedings No. 5455—P. F. 54-99, dated 25th January 1901, the Government approved of the above recommendation. The appellant complains that the Deputy Commissioner has not assigned reasons for setting aside the sale and that he has suffered loss by the cancelment of the sale which was duly held.

Decision.

The sale has been set aside and the only remedy open to appellant, the purchaser, is to receive back his purchase money. Appeal rejected.

Appeal No. 7 of 1902-05.

Appellant	*versus*	Respondent
Vyasa Rao		Ramanna.

Subject.

Appeal against the order of the Deputy Commissioner, Kolar District, appointing the respondent as shanbhog of Marandahalli Circle, Mulbagal Taluk, and rejecting the appellant's claim to the said shanbhogi office.

Facts of the Case.

One Bheemanna, the registered shanbhog of Marandahalli Circle, Mulbagal Taluk, having been convicted of the offence of cheating under Section 417, Indian Penal Code, and sentenced to pay a fine of Rs. 75 by the Treasury Assistant Commissioner and Magistrate, Kolar District, was dismissed by the Deputy Commissioner (Mr. Rangaswamiengar) in April 1898. In accordance with the instructions issued by the Deputy Commissioner, the Amildar selected the respondent who is the divided brother of Bheemanna to succeed to the shanbhogi office. On the appeal of Vyasa Rao to the Deputy Commissioner (Mr. Carr), the latter directed the selection of an officiator from the senior branch of Bheemanna's family and the Jamabandi Officer (Mr. Syed Amir Hassan) thereupon chose the appellant who is a distant relation of Bheemanna in the senior branch of the family. On the appeal of Ramanna, the Deputy Commissioner cancelled his previous order and confirmed the appointment of the respondent. The appellant alleges in his appeal to Government that the respondent is the registered shanbhog of another circle (Palkantapalli) and cannot therefore discharge efficiently the duties of the Marandahalli Circle.

Decision.

Government do not see reason to interfere with the order passed by the Deputy Commissioner. Bheemanna having been dismissed, his divided brother Ramanna, respondent, has been rightly appointed as the nearest person entitled to the hak. It is, however, found that Ramanna is officiator shanbhog of another circle. The Deputy Commissioner will take steps to have a gumasta or deputy appointed for the circle in dispute or for the other circle, the register being in Ramanna's name.

Channappa	*versus*	The villagers of Madapura, Kadur Taluk.

Subject.

Appeal against the order of the Deputy Commissioner, Kadur District, reserving for the general use of the villagers a piece of land in Madapura village which had been granted by the Jamabandi Officer to the appellant.

Facts of the Case.

On the complaint of one Marala of Madapura village, Kadur Taluk, that the appellant had in building his house encroached on Government waste land in the village site, an enquiry was held in which it was ascertained that the appellant after removing the village hedge had encroached upon unoccupied land to the extent of 80 square yards. The Amildar ordered the recovery of the value of the land at the rate of two annas per square yard from the appellant. He having refused to pay the same on the ground that the land belonged to him, the matter was brought on the Takrar takhta of the village for the year Sharvari (1900-01) on which the Jamabandi Officer (Assistant Commissioner Mr. B. Ramaswamaiengar) ordered the grant of the land in question (80 square yards) to the appellant at the rate of one anna per square yard. Although the appellant consented to pay the amount at the time, he subsequently appealed to the Deputy Commissioner claiming the land as his own and praying for exemption from payment of any price for it, but failed to produce any document in support of his claim. The Deputy Commissioner after personal inspection directed the land in question (sites marked 3 and 4 in the sketch contained in the vernacular file) to be reserved for the use of the village community as a threshing floor as before.

Decision.

Government decline to interfere. The Deputy Commissioner has, after inspecting the site and going over the records, decided that sites marked 3 and 4 in the sketch do not belong to appellant, being in the use of the villagers as a threshing floor.

Appeal No. 9 of 1902-03.

Mavinakeriah		1. Vardiengar
		2. Narniengar.

Subject.

Appeal against the order of the Deputy Commissioner, Tumkur District, refusing to register the shanbhogi office of either Chatnahalli or Bagayat circle in the name of the appellant.

Facts of the Case.

Kuppaiya, registered shanbhog of Chatnahalli and Chatnahalli Bagayat circles, Gubbi Taluk, died in August 1900, leaving three sons, Vardiengar and Narniengar (respondents) and Sheshiengar. The two latter are minors. In October 1900, the appellant who had been declared in Government decision No. 23076—P. F. 153-93, dated 11th June 1895, to be entitled to a fourth share in the shanbhogi hak of the said circles applied to the Deputy Commissioner to be appointed as shanbhog of either of the circles. The Deputy Commissioner appointed the 1st respondent to the shanbhogi office of Chatnahallli Bagayat circle and registered that of Chatnahalli circle in the name of the 2nd respondent. The appellant being appointed as the latter's gumasta during his minority. The appellant contends that his share in the hak should be recognised by his being appointed as hakdar shanbhog of one of the two circles.

Decision.

1. The only question that need be considered in this appeal is as to whether in the face of the Government decision passed in 1895, appellant Mavinakeriah who has been declared to be entitled with Gangadharaiya to one-half of the hak in the two villages of Bagayat and Chatnahalli should not get the registry of one of the villages, now that the shanbhogi of both the villages which constitute a shanbhogi circle each has become vacant by the death of Kuppaiya, the last holder. The Deputy Commissioner's order registering both the circles in the names of the sons of Kuppaiya is unsustainable. Appointing Mavinakeriah a gumasta for one of the circles is not sufficient recognition of his declared hak to the extent of one-half share (jointly with Gangadharaiya) in the two circles or villages. The Deputy Commissioner's order is accordingly modified and Mavinakeriah will be registered as shanbhog of the Chatnahalli circle which is understood to be the less important of the two circles in dispute, Bagayat and Chatnahalli.

Virabhadregauda		Huchavira.

Subject.

Appeal against the decree of the Deputy Commissioner, Tumkur District, dismissing the appellant's (2nd plaintiff's) suit for the possession of the pateli office of Halkurki Amanikere, Tiptur Taluk.

Facts of the Case.

In July 1901, Huchaviregauda and Virabhadregauda (appellant) brought a suit for the possession of the pateli office of Halkurki Amanikere from the 1st defendant Huchavira (respondent). The plaintiffs alleged that Kallaigauda, father of the 1st plaintiff, and Haligegauda, father of the 2nd plaintiff, were uterine brothers, that Kallaigauda and after him Haligegauda were patels of Halkurki Amanikere till 1879 when the latter died, that thereupon Haligegauda, a hissedar and father of the 1st defendant Huchavira, was in August 1880 appointed as patel by the Deputy Commissioner (Mr. Sheshadri Iyer) on the recommendation of the Amildar, that on the complaint of the 1st plaintiff, the Deputy Commissioner Mr. Mahomed Ali directed in August 1883 that his claim would be considered on the occurrence of a vacancy and that a vacancy had arisen by the death of Haligegauda in July 1900. The Assistant Commissioner who tried the suit found that the allegations in the plaint were true and that the Amildar who recommended the appointment of Haligegauda in 1880 had ignored the existence and claims of the 1st and 2nd plaintiffs and decreed the delivery of the office to the 2nd plaintiff as he was a minor in 1880. On appeal the Deputy Commissioner dismissed the suit as barred by limitation, as the 1st defendant's father had been in adverse possession of the office for more than 20 years and as the suit was brought more than 3 years after the 2nd plaintiff had attained his majority.

Decision.

The Government consider that the question of limitation does not arise in this case. When, soon after the appointment of Haligegauda, the 1st plaintiff put forward his claim to the office in 1880, the Deputy Commissioner directed in 1883 that although the order of Mr. Sheshadri Iyer could not be cancelled, his claims should be considered on the occurrence of a vacancy. The possession of the office by Haligegauda from 1880 to 1900 cannot therefore be considered adverse to the 1st plaintiff and the vacancy contemplated in the Deputy Commissioner's order having now occurred, the 1st plaintiff is in the opinion of Government entitled to be put in possession of the pateli office. The 2nd plaintiff has made a statement waiving his claims in favor of the 1st plaintiff and the Deputy Commissioner will be requested to put the 1st plaintiff in possession of the office. Appeal allowed.

Venkatadasappa.		1. Chikkavirappa. 2. Govindappa.

Subject.

Appeal against the order of the Deputy Commissioner, Bangalore District, declining to cancel the sale of certain lands in Korati and Hosahalli villages, Hoskote Taluk, for arrears of revenue.

Facts of the Case.

One Hanumanta Rao fell into arrears of kandayam amounting to Rs. 63-15-0 for the year 1899-00 on Survey Nos. 63, 76, 80 and 81 of Korati village in his khata but in the possession of his brother, the appellant. After the usual preliminaries the lands were forfeited to Government and in the sale held on 30th May 1900 after an adjournment granted at the request of the appellant, Survey No. 76 was knocked down to the 1st respondent for Rs. 100. The sale was confirmed on the 27th July 1900 by the Assistant Commissioner. On appeal the Deputy Commissioner confirmed the Assistant Commissioner's order when this case was heard by Government on 13th February 1902, along with a similar appeal regarding the sale of the appellant's lands in the Hosahalli village, the appellant alleged that he had produced the whole of the arrears on the 29th May 1900, the date to which the sale was first adjourned and that the patel had refused to take the money. In the Government Decision No. 1789—P. F. 44-01, dated 11th March 1902, disposing of the appellant's contention in regard to all but land No. 76, the Deputy Commissioner was requested to report on the above and other points, and he now reports that the arrears were not offered by the appellant or his agent either before the sale or soon after, that the Sheristadar did go to the village on the date fixed for the sale but adjourned the sale to the next day for want of a sufficient number of bidders and that the price, *viz.*, Rs. 100 fetched at the sale, was not below the market value of the land.

Decision.

1. The report of the Deputy Commissioner has been received. It is clear that the arrears were not offered to be paid to the patel on or before the sale by appellant. It is also clear that there was no irregularity in conducting the sale and that the price fetched was not below the value of the land.

FOREST.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

The following extracts of Note, dated the 8th September 1902, by the Officiating Conservator of Forests in Mysore and Secretary to Government in the Forest Department:—

(1) The sandal sales of the Hassan koti took place on 6th December 1901, under the supervision of Mr. C. Appaiya, the then District Forest Officer, and the Deputy Commissioner of the District. Fifteen merchants were present. The total quantity exposed for sale was 250 tons, the whole of which was sold for an aggregate sum of Rs. 1,13,105-8-1.

(2) Of the above quantity one Sitharama Setti of Hassan purchased 150 tons 17 cwts. and 98 lbs. valued at Rs. 59,738-2-3, and requested the Deputy Commissioner both personally and by petition to grant him time to pay for the wood and remove it, till the end of June 1902, on the ground that owing to the outbreak of plague in the Hassan town he had to go away to his coffee estate in the Manjarabad Taluk. The Deputy Commissioner granted the time asked for and also permitted him to make payments, as desired by him, without any reference to me; and the matter came only to my notice through the weekly diary of the District Forest Officer, in which mention of the transaction and the name of the merchant had been omitted. Accordingly he made payments as follows:—

				Rs.	a.	p.	
12th December 1901		Deposited	...	5,000	0	0	instead of Rs. 16,935
February 1902		Remitted	...	8,704	0	0	
March	do	do	...	3,907	12	7	
April	do	do	...	10,785	12	0	
May	do	do	...	12,828	3	3	
June	do	do	...	18,512	6	5	
		Total	...	59,738	2	3	

(3) As the action of the Deputy Commissioner was clearly unauthorized and opposed to the Sandalwood Sale Rules, which enjoin that 25 per cent of the sale proceeds should be paid before the third day from the date of sale and the balance within 90 days and the wood to be removed within 90 days from the date of sale without payment of koti rent, the District Forest Officer was asked to explain why he did not bring the irregularity to the notice of the Deputy Commissioner before carrying out his orders. The present District Forest Officer, Mr. Sitaramaiya, states that he was not in the district at the time of the sale and that thinking that everything had been previously arranged by his predecessor, he simply carried out the orders of the Deputy Commissioner and that in an interview with the latter in March last, he brought to his notice the rules regarding sandal sales. It is stated that the Deputy Commissioner informed him then that in consideration of the difficulties represented by Sitharama Setti as well as the large amount payable by him, he gave an extension of time and that this was being done in previous years.

(4) The wood was weighed out and delivered to Sitharama Setti as noted below:—

Month.					Quantity. Tons.	cwts.	lbs.
February 1902		...	...	...	16	0	0
April	do	...	...	...	22	9	28
May	do	...	...	...	40	11	98
June	do	...	...	...	24	6	84
July	do	...	...	...	13	10	0
			Total	...	116	17	98

There still remain 34 tons of milva chilta to be removed and the District Forest Officer, Mr. Sitharamaiya, states that a notice has been served on the party that its removal will not be permitted until koti rent is paid.

(5) Mr. Appaya, since transferred to Mysore as District Forest Officer, on being called upon to explain how these glaring irregularities and breaches of rules were permitted, states that owing to lapse of time and in the absence of any records connected with the sale, he cannot say what transpired, but that, as far as he could remember, Sitharama Setti represented on the date of sale that he might be permitted to lodge a fixed deposit of Rs. 5,000 to be credited towards his account, that he would pay in full for the lots to be removed in the interval and that if the concession was not shown it would be inconvenient for him to bid, that with the concurrence and approval of the Deputy Commissioner the concession asked for was granted, and that he is not able to say how the matter escaped being reported to the Conserv-

ator for orders. He further adds that but for this concession it would not have been possible to secure proper bids owing to combination amongst agents of European firms.

(6) It may be noted that Mr. Appaiya handed over charge of the Hassan District Forest Office to Mr. Y. Sitharamaiya on the 11th January, *i. e.*, a little over a month after the auction sale.

(7) According to Sandalwood Sale Rules the interest on sums paid after the due date and koti rent amounts to Rs. 799-6-10 as detailed below :—

	Rs.	a.	p.
Interest on the balance of deposit of Rs. 9,935 from date of sale to 31st May 1902, calculated at 4 per cent per annum ..	192	4	8
Interest at 4 per cent on the sale amount paid after the limit of 90 days	340	5	2
Koti rent	266	13	0
Total ...	799	6	10

Apart from this the loss sustained by Government from driage must have been considerable, for sandalwood had to be retained in the koti at the risk of Government for a period of seven months instead of three.

No. 222-9—1628-35, DATED BANGALORE, 25TH SEPTEMBER 1902.

ORDER THEREON.—The rules are clear and must be strictly followed. No deviation therefrom without a previous reference to the Conservator should have been permitted in this case. The grant of special concessions is objectionable and must be discontinued. The action taken by the local authorities concerned has resulted in a loss to Government. Under the peculiar circumstances, however, of the case Government are unwilling to direct the enforcement of its re-imbursement by the defaulting purchaser. In such cases where an officer knowingly disobeys a plain direction without due authority, he runs the personal risk of being asked to reimburse the Government for all losses.

ORDER THEREON.—The marginally noted inam lands endowed to the Sri Anjaneyaswami temple in Kallukere Mallenahalli village, Nagamangala Taluk, were resumed during the Inam Settlement in 1880, as the idol had then been disfigured and no puja performed. From the vernacular records received with the Deputy Commissioner's letter read above, it is observed that the villagers removed the mutilated idol and consecrated a new one at a heavy cost and revived worship in the temple. They now pray that the resumed inam lands may be restored to the institution. The archak of the temple who has hitherto been paying the kandayam on the lands has, it is reported, relinquished all interest in the same. The Deputy Commissioner therefore recommends the restoration.

Government Proceedings (P. W.) No. 5323-27—760-64, dated 24th November 1890.

Order.—The following arrangements for opening and closing the river channels and for the hot weather supply, based upon the decisions of the channel conference held at Mysore on the 22nd October, will have effect in 1891-92 and until further orders.

1. All the channels will be opened for the irrigation season on the 1st June and will be closed on the 10th January following, after which date water will on no account be allowed for rice cultivation (the date of closure for the irrigation season now current will be the same, *viz.*, 10th January next).

2. After the closure the several channels will be opened in succession for a period of 8 days in every 30, for sugar-cane cultivation.

3. The order of rotation of opening will, for the Mysore District, be determined by the Executive Engineers of the Channels Division and Mysore Division in conference. Their decision to be endorsed by the Deputy Commissioner before final adoption.

4. For the Hassan District the orders to be followed will be settled by the Deputy Commissioner and Executive Engineer in conference.

5. For the period during which the several channels are open in the month of April water will be delivered to the fields for manurial crops, if asked for, as well as for sugar-cane. For this watering of manurial crops water to be allowed down to tail of channels or to such distances as the Executive Engineers may find feasible within the 8 days allowed before opening the sluices, when all the sluices are to be opened at the same time.

Note.—With reference to clause 3 above, the programme submitted with Channels Division Executive Engineer's letter No. 171 of 12th July may be taken as basis for adoption, modified slightly to meet the condition of clause 2.

Exception.—An exception to clause 1 will be made in favour of the Talkad (Mahadavamuntry) channel which will not be closed till the 20th January of each year.

No. 1061-3—5510-2, DATED BANGALORE, 25TH SEPTEMBER 1902.

ORDER THEREON.—Clause (2) of above Proceedings provides for the river channels being opened in succession for a period of 8 days in every 30 days, for sugar-cane cultivation. This order has not been strictly adhered to, some channels having been kept open for longer periods. But the Deputy Commissioner, Mysore District, having reported that it is indispensable that channels should be kept open for at least 2 or 3 days longer, to allow of the water reaching the lands at the tail end, and the Chief Engineer being of opinion that 10 days' supply is not too much in the longer channels, the Government sanction the limit of 8 days being altered to 10 days. This revised limit should be strictly adhered to in future, and should on no account be deviated from, without the express sanction of Government obtained beforehand.

(b) Assessment on the Ooregum Block for 4 years from 1876-77 to 1879-80	364	0	5
(c) Interest on arrears up to the end of November 1888 ..	131	1	8
(d) Assessment etc., on the North Ooregum Section 4 Block for 1887-88 and 1888-89	132	15	0

2. With reference to the foregoing items, the Government observe that—

(1) as regards item *(a)*, the Deputy Commissioner of Kolar reported to Government in his letter No. 518-74, dated 8th May 1889, para 4, that Messrs. Barclay & Morgan have paid up the amount in full satisfaction of the claim and that the amount will be struck off the accounts.

(2) as regards item *(b)*, assessment can, under the terms of the concession originally granted, be levied only from the date of the grant of the lease, *viz.*, March 1880, and any claim for assessment prior to this date is invalid. With regard to the claim for assessment for the 10 days between the grant of the lease, and the close of the official year 1879-80, Government are pleased to direct that this claim need not now be preferred and that the amount in question be struck off the accounts.

(3) the interest referred to in item *(c)* appears to be simply that due on the arrears of assessment mentioned in item *(b)* and as such it need not now be claimed.

& (4) as regards item *(d)*, the Deputy Commissioner reports in his last letter cited above that the amount was paid into the Bowringpet Taluk Treasury on the 30th March 1889 and that no orders are now required.

3. Under the above mentioned circumstances, it would appear that no orders e now required as to items *(a)* and *(d)* which are reported to have been paid in full, id with regard to items *(b)*, and *(c)* Government are pleased to direct that the nounts therein specified be written off the accounts.

To—The Deputy Commissioner, Kolar District.
The Comptroller to the Government of Mysore.

READ—

Memos. Nos. 14 and 35, dated 24th July and 3rd September 1902, respectively, from the State Geologist in Mysore, recommending, for reasons stated therein, that the provisions of Article 560 of the Mysore Service Regulations, which allows a daily allowance of four-tenths of pay to the establishment serving under Forest and Amrut Mahal Officers, may be extended to the subordinate establishment of the Geological Department, and stating that the increase thereby caused is not so much as to need an increase to the budget grant for travelling allowances of this Department.

No. 80-1—S, DATED BANGALORE, 11TH SEPTEMBER 1902.

ORDER THEREON.—The Government are pleased to accede to the recommendation made by the State Geologist and to direct that the provisions of Article 560 of the Mysore Service Regulations be extended to the subordinate establishment of the Geological Department also, with effect from 1st September 1902.

W. F. SMEETH,
Secy. to Govt., Geol. Dept.

To—The Comptroller to the Government of Mysore.
The Secretary to Government, General and Revenue Departments, for information.
